Hell Is a Very Small Place Jean Casella, James Ridgeway, Sarah Shourd, 2014-11-11 An unforgettable look at the peculiar horrors and humiliations involved in solitary confinement from the prisoners who have survived it New York Review of Books On any given day the United States holds more than eighty thousand people in solitary confinement a punishment that beyond fifteen days has been denounced as a form of cruel and degrading treatment by the UN Special Rapporteur on Torture Now in a book that will add a startling new dimension to the debates around human rights and prison reform former and current prisoners describe the devastating effects of isolation on their minds and bodies the solidarity expressed between individuals who live side by side for years without ever meeting one another face to face the ever present specters of madness and suicide and the struggle to maintain hope and humanity As Chelsea Manning wrote from her own solitary confinement cell The personal accounts by prisoners are some of the most disturbing that I have ever read These firsthand accounts are supplemented by the writing of noted experts exploring the psychological legal ethical and political dimensions of solitary confinement Do we really think it makes sense to lock so many people alone in tiny cells for twenty three hours a day for months sometimes for years at a time That is not going to make us safer That s not going to make us stronger President Barack Obama Elegant but harrowing San Francisco Chronicle A potent cry of anguish from men and women buried way down in the hole Kirkus Reviews
