Making and remaking saints in nineteenth-century Britain Gareth Atkins, 2016-08-25 This book examines the place of saints and sanctity in a self consciously modern age and argues that Protestants were as fascinated by such figures as Catholics were Long after the mechanisms of canonisation had disappeared people continued not only to engage with the saints of the past but continued to make their own saints in all but name Just as strikingly it claims that devotional practices and language were not the property of orthodox Christians alone Making and remaking saints in the nineteenth century Britain explores for the first time how sainthood remained significant in this period both as an enduring institution and as a metaphor that could be transposed into unexpected contexts Each of the chapters in

this volume focuses on the reception of a particular individual or group and together they will appeal to not only historians of religion but those concerned with material culture the cult of history and with the reshaping of British identities in an age of faith and doubt Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus Fr. Emmanuel Javert Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese s spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God s Word and God s grace hidden in the events of her life The book shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key *Poems of St. Therese of Lisieux* St. Therese of Lisieux, Wyatt North, St Therese was born in Alencon France January 2 1873 Therese a singularly precocious charming and beautiful child set her heart upon entering the convent at the age of fifteen Her wish was granted nearly to the letter or on April 9 1888 when only a little more than three months past her fifteenth birthday she was received into the Carmelite monastery of the Sacred Heart of Jesus and of the Immaculate Conception at Lisieux France There she lived for nine years a life of remarkably joyous and childlike or angelic holiness and there September 30 1897 she died Her name in religion was Sister Teresa of the Child Jesus and of the Holy Face In her character she so exemplified the loveliness and the sanctity of the Child Jesus Himself and to such a singular degree throughout her whole short life did she love and serve her Lord that the Mother Prioress bade her write her memories which with entire openness and simple obedience she did Peacemaking and the Canon Law of the Catholic Church Charles Reid, Jr., 2023-12-21 This volume unites three disparate strands of historical and legal experience Nearly from its beginning the Catholic Church has sought to promote peace among warring parties and among private litigants The volume explores three vehicles the Church has used to promote peace papal diplomacy of international disputes both medieval and contemporary the arbitration of disputes among litigants and the use of the tools of reconciliation to bring

about rapprochement between ecclesiastical superiors and those subject to their authority The book concludes with an appendix exploring a wide variety of hypothetical yet plausible scenarios in which the Church might use its good offices to repair breaches among persons and nations Consecrated Spirits Felicity Leng,2013-01-25 Many silent and forgotten voices are brought to life in this volume which presents the accumulated wisdom of women mystics theologians spiritual directors poets visionaries mothers and activists over eleven centuries Featured writers include Julian of Norwich Hildegard of Bingen Catherine of Siena Teresa of Avila Therese of Lisieux Bernadette of Lourdes Bridget of Sweden Wendy Beckett Joan Chittister and many more some translated into English for the first time Their concerns are broad ranging and they reflect on Prayer Family life a woman s lot suffering comfort and consolation women s ministry and its restrictions and more All these varied voices are linked by a common thread in every age women have sought authentic spiritual self expression This anthology is an inspiration for all women today who are seeking opportunity to define and realise their charisma

François Jamart,2017-02-07 Over a century ago there lived a Carmelite nun Th r se of Lisieux Although she was young and seemed to have no authority she taught a Little Way very straight and short which would lead people to perfection Others had declared that sanctity was hard to attain but she said that it was easy Th r se maintained that in order to become holy it was not necessary to engage in manifold practices to perform rigorous penances or to receive extraordinary graces What was needed was simply that we acknowledge our nothingness and approach God with love and confidence Sanctity she proclaimed is an interior disposition which makes us humble and little in God s arms conscious of our weakness and trusting even to audacity in the goodness of our Father Th r se did not reveal new truths nor did she teach new means for attaining perfection Her doctrine was not a revelation of a new kind of sanctity but a new way of revealing sanctity to us What she teaches flows from the knowledge of God as He is revealed in the Gospel she invites us to return to evangelical simplicity The Church has endorsed her doctrine at

the highest level in 1999 Pope John Paul II declared her a Doctor of the Church In the Complete Spiritual Doctrine of St Th r se of Lisieux he presents her teachings in their original beauty simplicity and practicality According to the judgment of the Carmelite nuns of Lisieux this work represents the pure doctrine of Th r se without deviation Since this book first appeared in French in 1958 and in English in 1961 it has established itself as a classic Although many fine studies on St Th r se have appeared in more recent years the Complete Spiritual Doctrine of St Th r se of Lisieux is still an indispensable guide to the Little Way *Saint Thérèse of Lisieux, the Little Flower of Jesus* Saint Thérèse (de Lisieux),Thomas Nimmo Taylor,1927
