The Arab World Halim Barakat,1993-10-14 This wide ranging examination of Arab society and culture offers a unique opportunity to know the Arab world from an Arab point of view Halim Barakat an expatriate Syrian who is both scholar and novelist emphasizes the dynamic changes and diverse patterns that have characterized the Middle East since the mid nineteenth century The Arab world is not one shaped by Islam nor one simply explained by reference to the sectarian conflicts of a mosaic society Instead Barakat reveals a society that is highly complex with many and various contending polarities It is a society in a state of becoming and change one whose social contradictions are at the root of the struggle to transcend dehumanizing conditions Arguing from a perspective that is both radical and critical Barakat is committed to the improvement of human conditions in the Arab world

Leopoldo Zea Solomon Lipp,2006-01-01 The author analyzes Mexican national identity in the context of the philosophy of Leopoldo Zea contemporary Mexican thinker He attempts to establish national character traits peculiar to Mexico using sociological psychological historical and philosophical approaches He then shows how Zea deals with the problem of Mexican identity and how he relates specifically Mexican concepts to universal philosophic and historic thought Ranging widely over many disciplines this scholarly study will be particularly valuable to readers familiar with philosophy sociology and psychology

Armies of Sand Kenneth Michael Pollack,2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties *Armies of Sand* Kenneth M Pollack's powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the

Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945

define what it means to be Arab He begins with pre Islamic times and continues to the last decades of the twentieth century quoting thinkers ranging from Ibn Khaldun to modern writers such as al Ansari Haykal Ahmad Amin al Azm and Said Through their works Rejwan shows how Arabs have grappled with such significant issues as the influence of Islam the rise of nationalism the quest for democracy women s status the younger generation Egypt s place in the Arab world Israel s role in Middle Eastern conflict and the West s cultural invasion By letting Arabs speak for themselves Arabs in the Mirror refutes a prominent Western stereotype that Arabs are incapable of self reflection or self government On the contrary it reveals a rich tradition of self criticism and self knowledge in the Arab world Arab Attitudes to Israel Yehoshafat Harkabi,2017-09-08

in Arab Women's Literature Dalya Abudi, 2010-11-11 This study explores the mother daughter relationship as the most fundamental and most intimate female relationship It draws on both early and contemporary writings of Arab women to illuminate the traditional and evolving nature of mother daughter relationships in Arab families and how these family dynamics reflect and influence modern Arab life *The Iron Wall: Israel and the Arab World (Updated and Expanded)* Avi Shlaim, 2014-10-20 Fascinating Shlaim presents compelling evidence for a revaluation of traditional Israeli history New York Times Book Review For this newly expanded edition Avi Shlaim has added four chapters and an epilogue that address the prime ministerships from Barak to Netanyahu in the one book everyone should read for a concise history of Israel's relations with Arabs Independent What was promulgated as an iron wall strategy building a position of unassailable strength was meant to yield to a further stage where Israel would be strong enough to negotiate a satisfactory peace with its neighbors The goal still remains elusive if not even further away This penetrating study brilliantly illuminates past progress and future prospects for peace in the Middle East *Egypt, Islam, and the Arabs* Israel Gershoni, James P. Jankowski, 1987-01-29 Throughout the 20th century Egyptian nationalism has alternately revolved around three primary axes a local Egyptian territorial nationalism a sense of Arab ethnic linguistic nationalism and an identification with the wider Muslim community This detailed study is devoted to the first major phase in the perennial debate over nationalism in modern Egypt the territorial nationalism dominant in Egypt in the early 20th century The first section of the book examines the effects of World War I and its aftermath which temporarily gave rise to an exclusively Egyptianist national orientation in Egypt Subsequent sections consider the intellectual and political dimensions of Egyptian interwar years Egypt Islam and the Arabs is the first volume in a new Oxford series Studies in Middle Eastern History The General Editors of the series are Bernard Lewis of Princeton University Itamar Rabinovich of Tel Aviv University and Roger M Savory of the University of Toronto Theory, Politics, and the Arab World Hisham Sharabi, 1990 Representing some of the best of the innovative work in Middle East studies Theory Politics and the Arab World is a comprehensive multidisciplinary effort to reconstruct the field The contributors utilize a new criticism largely fashioned by the concepts and vocabularies of postmodern paradigms Continental theory neo Marxism structuralism poststructuralism and feminist theory *Cultural Journeys into the Arab World* Dalya Cohen-Mor, 2018-07-11 Cultural Journeys into the Arab World provides a fascinating window into Arab culture and society through the voices of its own writers and poets Organized thematically the anthology features more than fifty texts including poems essays stories novels memoirs eyewitness accounts and life histories by leading male and female authors from across the Arabic speaking world Each theme is explored in several genres both fiction and nonfiction and framed by a wealth of contextual information that places the literary texts within the historical political cultural and social background of the region Spanning a century of Arab creative writing from the dean of Arabic letters Taha Hussein to the Nobel laureate Naguib Mahfouz and the celebrated poet Adonis the anthology offers unforgettable journeys into the rich and dynamic realm of Arab

culture Representing a wide range of settings viewpoints and socioeconomic backgrounds the characters speak of their conditions aspirations struggles and achievements living in complex societies marked by tensions arising from the persistence of older traditions and the impact of modernity Their myriad voices paint a vivid and intimate portrait of contemporary Arab life in the Middle East revealing the common humanity of a region of vital significance in world affairs
