Who am I Where do I come from And where am I going Eventually most people will deal with these questions What is the meaning and purpose of mortal life Who is God and has He always existed We humans observe the universe on a starry summer night and are amazed at how everything moves in such a perfect order We look at the plant world in its infinite beauty and ask about evolution or creation Is it all just a coincidence or is there a plan behind it We marvel at the diversity of the animals and feel deep affection for them Deep in our hearts we recognize in all these things a perfect and creative Creator We cannot explain it we can only marvel and enjoy this beautiful world But still we long for answers In this book we will try to give any It builds a bridge between physics and religion and describes the course of creation as well as the meaning and purpose of life Eventually we arrive at a loving Heavenly Father and His plan of happiness      **A New Light of Mysticism.
