You are Therefore I am Satish Kumar, 2002-01-01 Traces the spiritual journey of the author as he learns to view the world as a network of multiple diverse relationships. Ren Descartes famous maxim I think therefore I am considers the world in terms of dualism division and separation. Yet the Sanskrit dictum So Hum is well known across India but not in the West and can be translated as You are therefore I am. A journey of the mind You are Therefore I am examines the sources of inspiration which formed child monk peace pilgrim ecological activist and educator Satish Kumar's understanding of the world as a network of diverse yet interconnected relationships. Written in four parts the book begins with Satish's memories of conversations with his mother his teacher and his Guru all of whom were deeply religious. The second part recounts his discussions with the Indian sage Vinoba Bhave J Krishnamurti Bertrand Russell Martin Luther King and E F Schumacher. These five great activists and thinkers encouraged him to engage with social ecological and political issues. In the third part Satish narrates his travels in India which have continued to nourish his mind and reconnect him with his roots. The final part brings together Satish world view which is based in relationships and the connections between all things. You are Therefore I am is an inspiring and deeply moving look at how we can re connect with the world and find peace within ourselves by embracing Satish emergent world view.

A Library of Fathers of the Holy Catholic Church, Anterior to the Division of the East and West, 1847 Shiva's Waterfront Temples Subhashini Kaligotla, 2022-08-23 This handsomely illustrated volume explores the medieval Deccani temple complexes at the UNESCO World Heritage Site of Pattadakal with careful attention to their makers. The vibrant red sandstone temples of India's Deccan Plateau such as the Pattadakal temple cluster have attracted visitors since the eighth century or earlier. A UNESCO World Heritage Site and the coronation place of the Chalukya dynasty Pattadakal and its neighboring sites are of major historical importance. In Shiva's Waterfront Temples Subhashini Kaligotla situates these buildings in the cosmopolitan milieu of Deccan India and considers how their makers and awestruck visitors would have seen them in their day. Kaligotla reconstructs how architects and builders approached the sites including their use of ornamentation responsiveness to courtly values such as pleasure and play and ingenious juxtaposition of the first millennium's Nagara and Dravida aesthetics a blend largely unique to Deccan plateau architecture. With over 130 color illustrations this original book elucidates the Deccan's special place in the lexicon of medieval South Asian architecture. Expositions on the Book of Psalms ...
