Ten Contemporary Polish Stories:

Ten Contemporary Polish Stories, 1958 *10 Contemporary Polish Stories* Edmund Ordon, 1974 **Ten Contemporary Polish Stories**, Transl. by Various Hands and Ed. by Edmund Ordon with an Introduction by Olga Scherer-Virski Edmund Ordon, Olga Scherer-Virski, 1958 The Penguin Book of Polish Short Stories Antonia Lloyd-Jones, 2025-06-05 A revelatory and richly varied collection of Poland's greatest short stories with a foreword by Nobel Prize winner Olga Tokarczuk Witty surprising and sparkling this anthology is an essential exploration of Polish literature Its thirty nine superb stories run the length of the literal and imaginative creation of Poland from 1918 when Poland regained its independence after 123 years of colonization by the neighbouring empires to the present The stories include Miss Winczewska by the acclaimed twentieth century writer Maria Dabrowska 1889-1965 based on her experience of helping to establish a library for soldiers at the Citadel military base in Warsaw in the interwar period and In the Shadow of Brooklyn by Stanislaw Dygat 1914-1978 the comical tale of a young man's envy of what he imagines to be his father's success with women At the contemporary end it includes a story by Nobel Prize winner Olga Tokarczuk 1962 The Green Children a historical story set in 1656 narrated by a Scottish doctor who as the Polish king's physician travels about the wilds of Poland and encounters two feral children Curated by Antonia Lloyd Jones this anthology is a refreshing and glorious new collection of the best in Polish literature Polish Literature as World Literature Piotr Florczyk, K. A. Wisniewski, 2022-12-15 This carefully curated collection consists of 16 chapters by leading Polish and world literature scholars from the United States Canada Italy and of course Poland An historical approach gives readers a panoramic view of Polish authors and their explicit or implicit contributions to world literature Indeed the volume shows how Polish authors from Jan Kochanowski in the 16th century to the 2018 Nobel laureate Olga Tokarczuk have engaged with their foreign counterparts and other traditions active participants in the global literary network and the conversations of their day The volume features views of Polish literature and culture within theories of world literature and literary systems with a particular attention paid to the resurgence of the idea of the physical book as a cultural artifact This perspective is especially important since so much of today's global literary output stems from Anglophone perceptions of what constitutes literary quality and tastes The collection also sheds light on specific issues pertaining to Poland such as the idea of Polishness and global phenomena including social and economic advancement as well as ecological degradation Some of the authors discussed like the Romantic poet Adam Mickiewicz or the 1980 Nobel laureate Czeslaw Milosz were renowned far beyond the borders of their country while others like the contemporary travel writer and novelist Andrzej Stasiuk embrace regionalism seeing as they do in their immediate surroundings a synecdoche of the world at large Nevertheless the picture of Polish literature and Polish authors that emerges from these articles is that of a diverse cosmopolitan cohort engaged in a mutually rewarding relationship with what the late French critic Pascale Casanova has called the world republic of letters *The History of Polish Literature, Updated*
