**Fictions of Integration** Naomi Lesley, 2017-03-03 This book examines how children's and young adult literature addresses and interrogates the legacies of American school desegregation Such literature narrates not only the famous battles to implement desegregation in the South in places like Little Rock Arkansas but also more insidious and less visible legacies such as re-segregation within schools through the mechanism of disability diagnosis Novelizations of children's experiences with school desegregation comment upon the politics of getting African American children access to white schools but more than this as school stories they also comment upon how structural racism operates in the classroom and mutates over the course of decades through the pedagogical practices depicted in literature for young readers Lesley combines approaches from critical race theory disability studies and educational philosophy in order to investigate how the educational market simultaneously constrains how racism in schools can be presented to young readers and also provides

channels for radical critiques of pedagogy and visions of alternative systems The volume examines a range of titles from novels that directly engage the Brown v Board of Education decision such as Sharon Draper s *Fire From the Rock* and Dorothy Sterling s *Mary Jane* to novels that engage less obvious legacies of desegregation such as Cynthia Voigt s *Dacey s Song* Sharon Flake s *Pinned* Virginia Hamilton s *The Planet of Junior Brown* and Louis Sachar s *Holes* This book will be of interest to scholars of American studies children s literature and educational philosophy and history

**In Silence or Indifference** Wayne A. Wiegand, 2024-08-30 Librarians around the country are currently on a battleground defending their right to purchase and circulate books dealing with issues of race and systemic racism Despite this work the library community has often overlooked even ignored its own history of White supremacy and deliberate inaction on the part of White librarians and library leadership Author Wayne A Wiegand takes a crucial step to amend this historical record In *Silence or Indifference Racism and Jim Crow Segregated Public School Libraries* analyzes and critiques the world of professional librarianship between 1954 and 1974 Wiegand begins by identifying racism in the practice

and customs of public school libraries in the years leading up to the Brown v Board of Education decision. This culture permeated the next two decades as subsequent Supreme Court decisions led to feeble and mostly unsuccessful attempts to integrate Jim Crow public schools and their libraries. During this same period, the profession was honing its national image as a defender of intellectual freedom, a proponent of the freedom to read, and an opponent of censorship. Still, the community did not take any unified action to support Brown or to visibly oppose racial segregation. As Black school librarians and their Black patrons suffered through the humiliations and hostility of the Jim Crow educational establishment, the American library community remained largely ambivalent and silent. The book brings to light a distressing history that continues to impact the library community, its students, and its patrons. Currently available school library literature skews the historical perspective that informs the present. *In Silence or Indifference* is the first attempt to establish historical accountability for the systemic racism contemporary school librarianship inherited in the twenty-first century.
