Please note This is a companion version not the original book Sample Book Insights 1 I once visited a house that had a library with almost nothing but large leather bound volumes I found a secret doorway and inside was a real book that was titled International Who's Who I pulled the book out of its case and turned to the index to see if I had made that scene I was pleased to discover that there was some harmless inaccuracies 2 I had received a grant of one thousand dollars from the National Institute of Arts and Letters in the year in which I had to hock literally everything I owned including an old borrowed typewriter and everything else old and new and portable 3 There were in the forties certain fabulously fat pocketbooks that scattered bits of much publicized dole to young talents But none of these programs came early enough to have saved the artists from their own destruction 4 I was a feather picker on a squab ranch in Los Angeles in 1939 I received a telegram from the Group Theatre in New York informing me that I had received a special award of one hundred dollars for a group of one act plays called American Blues *Remember Me to Tom* Edwina D. camp humor and Truman Capote's comic cinema and literature never eclipsed serious works Pugh establishes a history of mainstream and academic critique that ignored queer humor Likewise Florence King and Rita Mae Brown wrote defining narratives of Southern lesbian experience in respectively *Confessions of a Failed Southern Lady* and *Rubyfruit Jungle* yet according to Pugh they are almost entirely neglected in accounts of the literary South More recently the author shows the critical reception of Dorothy Allison's *Bastard Out of Carolina* testifies to an overarching interest in the traumatic aspects of her poetry and fiction rather than in her humor and its cathartic power Pugh also asserts that David Sedaris as a writer of the post Southern South who appears to fall beyond the parameters of regional literature for many readers creates a new humorous vision of the region that recognizes both its pained history and its grudging accession to modernity Drawing from works of key southern writers Pugh sets forth a new vision of Southern literature emerges one illuminated by the humor of gay voices no longer at the margins

The American Play Marc Robinson, 2009-05-26 In this brilliant study Marc Robinson explores more than two hundred years of plays styles and stagings of American theater Mapping the changing cultural landscape from the late eighteenth century to the start of the twenty first he explores how theater has and has not changed and offers close readings of plays by O Neill Stein Wilder Miller and Albee as well as by important but perhaps lesser known dramatists such as Wallace Stevens Jean Toomer Djuna Barnes and many others Robinson reads each work in an ambitiously interdisciplinary context linking advances in theater to developments in American literature dance and visual art The author is particularly attentive to the continuities in American drama and expertly teases out recurring themes such as the significance of visuality He avoids neatly categorizing nineteenth and twentieth century plays and depicts a theater more restive and mercurial than has been recognized before Robinson proves both a fascinating and thought provoking critic and a spirited guide to the history of American drama
