

# Unit 3: Tennessee – From Territory to Statehood

Name \_\_\_\_\_ Pa \_\_\_\_\_

# Tennessee Territory To Statehood

**Robert Ross Rees, Jr.**

## **Tennessee Territory To Statehood:**

*Tennessee* Dave Foster, 2002 From Watauga to Cumberland to Franklin Tennessee went through many changes before joining the Union This book describes the events of 1790 to 1796 and the challenges faced by the founders of this state

**Tennessee - Territory to Statehood** Robert Ross Rees, Jr., 2017-11-11 History of the State of Tennessee along with successful Tennessee businesses such as Dollar General FedEx Lodge Mfg as well as Tennessee s Music Industry

**Tennessee, a Short History** Robert Ewing Corlew, 1990 A general survey of Tennessee history from the earliest settlements to the present Admission of State of New Columbia Into the Union United States. Congress. House.

Committee on the District of Columbia. Subcommittee on Judiciary and Education, 1992 *Congressional Record* United States. Congress, 1996 **Creating the American West** Derek R. Everett, 2014-05-27

Boundaries lines imposed on the landscape shape our lives dictating everything from which candidates we vote for to what schools our children attend to the communities with which we identify In *Creating the American West* historian Derek R Everett examines the function of these internal lines in American history generally and in the West in particular Drawing lines to create states in the trans Mississippi West he points out imposed a specific form of political organization that made the West truly American Everett examines how settlers lobbied for boundaries and how politicians imposed them He examines the origins of boundary making in the United States from the colonial era through the Louisiana Purchase Case studies then explore the ethnic sectional political and economic angles of boundaries Everett first examines the boundaries between Arkansas and its neighboring Native cultures and the pseudo war between Missouri and Iowa He then traces the lines splitting the Oregon Country and the states of California and Nevada and considers the ethnic and political consequences of the boundary between New Mexico and Colorado He explains the evolution of the line splitting the Dakotas and concludes with a discussion of ways in which state boundaries can contribute toward new interpretations of borderlands history A major theme in the history of state boundaries is the question of whether to use geometric or geographic lines in other words lines corresponding to parallels and meridians or those fashioned by natural features With the distribution of western land Everett shows geography gave way to geometry and transformed the West The end of boundary making in the late nineteenth century is not the end of the story however These lines continue to complicate a host of issues including water rights taxes political representation and immigration *Creating the American West* shows how the past continues to shape the present *The Toledo War* Don Faber, 2008-10-10 How a thin strip of land between the state of Ohio and Michigan started a war *Prestatehood Legal Materials* Michael Chiorazzi, 2013-05-13 Explore the controversial legal history of the formation of the United States *Prestatehood Legal Materials* is your one stop guide to the history and development of law in the U S and the change from territory to statehood Unprecedented in its coverage of territorial government this book identifies a wide range of available resources from each state to reveal the underlying legal principles that helped form the United States In this unique

publication a state expert compiles each chapter using his or her own style culminating in a diverse sourcebook that is interesting as well as informative In Prestatehood Legal Materials you will find bibliographies references and discussion on a varied list of source materials including state codes drafted by Congress county state and national archives journals and digests state and federal reports citations surveys and studies books manuscripts papers speeches and theses town and city records and documents Web sites to help your search for more information and more Prestatehood Legal Materials provides you with brief overviews of state histories from colonization to acceptance into the United States In this book you will see how foreign countries controlled the laws of these territories and how these states eventually broke away to govern themselves The text also covers the legal issues with Native Americans inter state and the Mexico and Canadian borders and the development of the executive legislative and judicial branches of state government This guide focuses on materials that are readily available to historians political scientists legal scholars and researchers Resources that assist in locating not so easily accessible materials are also covered Special sections focus on the legal resources of colonial New York City and Washington DC which is still technically in its prestatehood stage Due to the enormity of this project the editor of Prestatehood Legal Materials created a Web page where updates corrections additions and more will be posted

**Andrew Jackson: The Politics of Resentment** Christopher Adamo,2025-07-12 Christopher Adamo s Andrew Jackson The Politics of Resentment Part 1 is a gripping informative and deeply immersive historical account that brings to life the rugged spirit of one of America s most polarizing and impactful presidents From the opening paragraphs Adamo skillfully captures the raw intensity of Jackson s formative years blending vivid storytelling with well researched historical context The result is a narrative that is not only engaging but also powerfully educational What makes this work stand out is how it seamlessly weaves personal anecdotes family lineage and broader historical movements to provide readers with a comprehensive understanding of the turbulent world that shaped Jackson s unyielding character Readers will walk away with rich insight into Jackson s early life as well as a broader grasp of colonial dynamics Scotch Irish immigration and the brutal realities of frontier and Revolutionary War America This book is highly informative and delivers more than just biographical highlights It offers layered historical depth that both casual readers and serious history enthusiasts will appreciate Readers will benefit immensely from the context it provides on early American identity resilience and political transformation

**A Republic of Scoundrels** David Head,Timothy C. Hemmis,2023-12-05 The Founding Fathers are often revered as American saints here are the stories of those Founders who were schemers and scoundrels vying for their own interests ahead of the nation s We now have a clear eyed understanding of Founding Fathers such as George Washington Benjamin Franklin Thomas Jefferson and Alexander Hamilton even so they are often considered American saints revered for their wisdom and self sacrificing service to the nation However within the Founding Generation lurked many unscrupulous figures men who violated the era s expectation of public virtue and advanced their own interests at the expense of others They were turncoats and traitors

opportunists and con artists spies and foreign intriguers Some of their names are well known Benedict Arnold and Aaron Burr Others are less notorious now but were no less threatening There was Charles Lee the Continental Army general who offered to tell the British how to defeat the Americans and James Wilkinson who served fifteen years as a commanding general in the US Army despite rumors that he spied for Spain and conspired with traitors The early years of the republic were full of self interested individuals sometimes succeeding in their plots sometimes failing but always shaping the young nation A Republic of Scoundrels seeks to re examine the Founding Generation and replace the hagiography of the Founding Fathers with something more realistic a picture that embraces the many facets of our nation s origins

*The Tennessee State Constitution* Lewis L. Laska, 2011-04-11 Tennesseans pioneered innovations in self government beginning in 1772 and they have continued to do so since the enactment of their first formal constitution in 1796 Over time Tennessee has adopted abolished and changed its constitution as political and social needs demanded and allowed In *The Tennessee State Constitution* Lewis L. Laska provides a comprehensive introduction to Tennessee s constitution including a history of its development beginning in the 1700s article by article commentary on the constitution itself and an extensive bibliography of Tennessee constitutional history This essential guide to the Tennessee constitution also presents valuable commentary on the constitution s preamble and 11 articles including the declaration of rights the distribution of powers the executive department elections impeachments the judicial department state and county officers militia disqualification oaths bribery of electors new counties and miscellaneous provisions Also included are an annotated bibliography of Tennessee constitutional history including references to pre statehood compacts the constitutions of 1796 and 1835 the Civil War Reconstruction and the 1865 amendments the constitution of 1870 attempted constitutional reform and five constitutional conventions from 1953 to 1977 A table of cases completes this unsurpassed reference guide that will be referred to and relied upon by constitutional scholars and students as well as legal historians Previously published by Greenwood this title has been brought back in to circulation by Oxford University Press with new verve Re printed with standardization of content organization in order to facilitate research across the series this title as with all titles in the series is set to join the dynamic revision cycle of *The Oxford Commentaries on the State Constitutions of the United States* The *Oxford Commentaries on the State Constitutions of the United States* is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions Each volume in this innovative series contains a historical overview of the state s constitutional development a section by section analysis of its current constitution and a comprehensive guide to further research Under the expert editorship of Professor G Alan Tarr Director of the Center on State Constitutional Studies at Rutgers University this series provides essential reference tools for understanding state constitutional law Books in the series can be purchased individually or as part of a complete set giving readers unmatched access to these important political documents

**Michigan** Willis F. Dunbar, George S. May, 1995-09-05 This standard textbook on Michigan history

covers the entire scope of the Wolverine State's historical record from when humankind first arrived in the area around 9000 B.C. up to 1995. This third revised edition of Michigan also examines events since 1980 and draws on new studies to expand and improve its coverage of various ethnic groups, recent political developments, labor and business, and many other topics. Includes photographs, maps, and charts. Hearings United States. Congress. House. Committee on Interior and Insular Affairs, 1957. *The Failure of Popular Sovereignty* Christopher Childers, 2012-11-08. As the expanding United States grappled with the question of how to determine the boundaries of slavery, politicians proposed popular sovereignty as a means of entrusting the issue to citizens of new territories. Christopher Childers now uses popular sovereignty as a lens for viewing the radicalization of southern states' rights politics, demonstrating how this misbegotten offspring of slavery and Manifest Destiny, though intended to assuage passions, instead worsened sectional differences, radicalized southerners, and paved the way for secession. In this first major history of popular sovereignty, Childers explores the triangular relationship among the extension of slavery, southern politics, and territorial governance. He shows how, as politicians from North and South redesigned popular sovereignty to lessen sectional tensions and remove slavery from the national political discourse, the doctrine instead made sectional divisions intractable, placed the territorial issue at the center of national politics, and gave voice to an increasingly radical states' rights interpretation of the federal compact. Childers explains how politicians offered the idea of local control over slavery as a way to appease the South, or at least as a compromise that would not offend the states' rights constitutional scruples of southerners. In the end, that strategy backfired by transforming the South into a rigid sectional bloc dedicated to the protection and perpetuation of slavery, a political time bomb that eventually exploded into Civil War. Tracing the doctrine of popular sovereignty back to its roots in the early American republic, Childers describes the dichotomy between believers in local control in the territories and national control, as first embodied in the 1787 Northwest Ordinance. Noting that the slavery extension issue had surfaced before but obviously not been resolved, he shows how the debate over this issue played out over time, complicated the relationship between the federal government and the territories, and radicalized sectional politics. He also provides new insight into such topics as Arkansas and Florida statehood, the early phases of California's statehood bid, and the emergence of John C. Calhoun's common property doctrine. Laced with new insights, Childers's study offers a coherent narrative of the formative moments in the slavery debate that have been seen heretofore as discrete events. His work stands at the intersection of political, intellectual, and constitutional history, unfolding the formative moments in the slavery debate to expand our understanding of the peculiar institution in the early republic.

The Lost State of Franklin Kevin T. Barksdale, 2021-02-15. In the years following the Revolutionary War, the young American nation was in a state of chaos. Citizens pleaded with government leaders to reorganize local infrastructures and heighten regulations, but economic turmoil, Native American warfare, and political unrest persisted. By 1784, one group of North Carolina frontiersmen could no longer stand the unresponsiveness of state leaders to their growing demands. This

ambitious coalition of Tennessee Valley citizens declared their region independent from North Carolina forming the state of Franklin The Lost State of Franklin America s First Secession chronicles the history of this ill fated movement from its origins in the early settlement of East Tennessee to its eventual violent demise Author Kevin T Barksdale investigates how this lost state failed so ruinously examining its history and tracing the development of its modern mythology The Franklin independence movement emerged from the shared desires of a powerful group of landed elite yeoman farmers and country merchants Over the course of four years they managed to develop a functioning state government court system and backcountry bureaucracy Cloaking their motives in the rhetoric of the American Revolution the Franklinites aimed to defend their land claims expand their economy and eradicate the area s Native American population They sought admission into the union as America s fourteenth state but their secession never garnered support from outside the Tennessee Valley Confronted by Native American resistance and the opposition of the North Carolina government the state of Franklin incited a firestorm of partisan and Indian violence Despite a brief diplomatic flirtation with the nation of Spain during the state s final days the state was never able to recover from the warfare and Franklin collapsed in 1788 East Tennesseans now regard the lost state of Franklin as a symbol of rugged individualism and regional exceptionalism but outside the region the movement has been largely forgotten The Lost State of Franklin presents the complete history of this defiant secession and examines the formation of its romanticized local legacy In reevaluating this complex political movement Barksdale sheds light on a remarkable Appalachian insurrection and reminds readers of the extraordinary fragile nature of America s young independence

**The First Presidential Contest** Jeffrey L. Pasley, 2016-12-04 This is the first study in half a century to focus on the election of 1796 At first glance the first presidential contest looks unfamiliar parties were frowned upon there was no national vote and the candidates did not even participate the political mores of the day forbade it Yet for all that Jeffrey L Pasley contends the election of 1796 was absolutely seminal setting the stage for all of American politics to follow Challenging much of the conventional understanding of this election Pasley argues that Federalist and Democratic Republican were deeply meaningful categories for politicians and citizens of the 1790s even if the names could be inconsistent and the institutional presence lacking He treats the 1796 election as a rough draft of the democratic presidential campaigns that came later rather than as the personal squabble depicted by other historians It set the geographic pattern of New England competing with the South at the two extremes of American politics and it established the basic ideological dynamic of a liberal rights spreading American left arrayed against a conservative society protecting right each with its own competing model of leadership Rather than the inner thoughts and personal lives of the Founders covered in so many other volumes Pasley focuses on images of Adams and Jefferson created by supporters and detractors through the press capturing the way that ordinary citizens in 1796 would have actually experienced candidates they never heard speak Newspaper editors minor officials now forgotten congressman and individual elector candidates all take a leading role in the story to

show how politics of the day actually worked Pasley s cogent study rescues the election of 1796 from the shadow of 1800 and invites us to rethink how we view that campaign and the origins of American politics [The North Carolina Historical Review](#) ,1929 **District of Columbia Appropriations for Fiscal Year 1992** United States.
