permanently altered as well In using his Parallel Mode Process we are taken into one of the most revered and hallowed places in sports Ford s work allows us to abide in the living breathing essence of the zone dance in the flow state and train into it The book is both a technical as well as intuitive discussion of a new way of contextualizing one s athletic experience engaging both left and right brain consciousness and resulting in nothing less than a satori experience By engaging in the practice of living in ever present moment to moment awareness the author creates a non local consciousness experience that is life changing Thus through Scott s highly refined work we enter into the Witness state a revered state of consciousness that is both unitive and integrated Sport is the great Western metaphor a potent medium that teaches us how to realize our sometimes dormant capacities and at the same time translate the learning into everyday situations The lessons learned from this book apply directly to all walks of life Hence Scott s discoveries take us into the union of East and West the spirit and the flesh through tennis sport and life You may never look at a tennis ball in the same way Barry Robbins Vice President of ITP International Senior Teacher and Lineage Holder of ITP Integral Transformative Practice Founding Member Sports Energy and Consciousness Group     **Skiing** ,1980-11     Tennis Jim Brown,2004 Outlines a twelve step program for becoming an accomplished tennis player providing 117 drills to help in game development and including drawings that illustrate proper tennis strokes and strategies     Dennis Van Der Meer's Complete Book of Tennis Dennis Van der Meer,1986     *Whening Tennis* Larry Huebner,2004 *Whening Tennis* In *Tennis as in Life Timing is Everything* is an instructional book It is unique in that it does not focus on the how to of playing the game as much as the when to for more tennis success The author s primary focus on when decisions is an entirely new instructional approach for many aspects of the game When a player learns to combine good when decisions with real effort to play the game to the best of their ability regardless of the final score winning has been achieved Thus *Whening Tennis* becomes winning tennis the essence of the book The subtitle *In Tennis as in Life Timing is Everything* emphasises the importance of when decisions and their crossover from tennis into life s experiences What a fantastic job Larry Huebner has done with his great publication *WHENING TENNIS* First one would be hard pressed to find anyone more qualified to write about tennis than Larry no one is more respected in the tennis world by people who know the game Second how refreshing it is to have something other than just a How to book to help one understand and enjoy tennis more Larry has done a fantastic job in selecting simplifying and organizing his topics Everything Larry writes about is relevant to today s game I enthusiastically recommend this book for players of all abilities as well as parents ENJOY Dick Gould Coach of 17 NCAA Men s Championships Director of Tennis Stanford University For more information try the website at [www.wtennis.com](http://www.wtennis.com) or see the link to the student workbook *Whening Tennis Student Workbook* *Outing; Sport, Adventure, Travel, Fiction* ,1915     **Outing and the Wheelman** ,1915
