Tennyson in France Marjorie Bowden, 1930 Tennyson in France Marjorie Moreland BOWDEN, 1930 **Tennyson in France** Marjorie Bowden, 1930 *Tennyson in France* Marjorie Bowden, 1969 French Opera at the Fin de Siècle Steven Huebner, 2006-02-02 This is the first book length study of the rich operatic repertory written and performed in France during the last two decades of the nineteenth century Steven Huebner gives an accessible and colorful account of such operatic favorites as Manon and Werther by Massenet Louise by Charpentier and lesser known gems such as Chabrier's Le Roi malgré lui and Chausson's Le Roi Arthur British, French and American Relations on the Western Front, 1914-1918 Chris Kempshall, 2018-06-16 This book provides a thorough examination of the relations between the men in the British French and American armies on the Western Front of the First World War The Allied victory in 1918 was built on the backs of British French and American soldiers who joined together to fight for a common cause Using the diaries records and letters of these men Chris Kempshall shows how these soldiers interacted with each other during four years of war The British army that arrived in France in 1914 became isolated from their French allies and unable to coordinate with them By 1916 Britain's professional soldiers were replaced by civilians who learned to love their French ally who reached out to them in friendship At the end of the war the introduction of American soldiers caused hope and conflict before perceived British failures brought the alliance to the brink of collapse Final cooperation between these three nations saw them victorious The Renaissance of Art in France Lady Emilia Francis Strong Dilke, 1879 **The Literature of Melancholia** M. Middeke, Christina Wald, 2011-11-18 This collection analyzes philosophical psycho analytic and aesthetic contexts of the discourse of melancholia in British and postcolonial literature and culture and seeks to trace the multi faceted phenomenon of melancholia from the early modern period to the present Texts discussed range from Shakespeare and Milton to Coetzee and Barker **The French Romantics' Knowledge of English Literature (1820-1848)** Eric Partridge, 1974 **Victorian Poets** Valentine Cunningham, 2014-01-13 Victorian Poets A Critical Reader features a collection of critical essays focusing on various aspects of Victorian era poetry from the 1830s to the 1890s Presents key criticism on Victorian poetry Features contributions from a variety of scholars in the field Illustrates the full range of critical approaches to the Victorian poets including attention to texts words forms modes and sub genres Offers fresh reinterpretations many driven by contemporary ideological interests including gender questions selfhood and body issues French and English Philip Gilbert Hamerton, 1889 *The Reception of Alfred Tennyson in Europe* Leonee Ormond, 2016-11-17 Alfred Lord Tennyson 1809 1892 has often been considered a particularly British writer in part as his official post as Poet Laureate inevitably committed him to a certain amount of patriotic writing This volume focuses on his impact on the continent presenting a major scholarly analysis of Tennyson's wider reception in different areas of Europe It considers reader and critical responses and explores the effect of his poetry upon his contemporaries and later writers as well as his influence upon illustrators painters and musicians The leading

international contributors raise questions of translation and publication and of the choices made for this purpose along with the way in which his ideas and style influenced European writing and culture Tennyson's reputation in Anglophone countries is now assured following a decline in the years after his death This volume enables us to chart the changes in Tennyson's European reputation during the later 19th 20th and 21st centuries **British Writers and Paris: 1830-1875** Elisabeth Jay, 2016-02-19 A wicked and detestable place though wonderfully attractive Charles Dickens's conflicted feelings about Paris typify the fascination and repulsion with which a host of mid nineteenth century British writers viewed their nearest foreign capital Various perceived as the showcase for sophisticated cosmopolitan talent the home of revolution a stronghold of Roman Catholicism and a shrine to irreligious hedonism Paris was also a city where writers were respected and journalism flourished This historically grounded account of the ways in which Paris touched the careers and work of both major and minor Victorian writers considers both their actual experiences of an urban environment distinctively different from anything Britain offered and the extent to which this became absorbed and expressed within the Victorian imaginary Casting a wide literary net the first part of this book explores these writers' reaction to the swiftly changing politics and topography of Paris before considering the nature of their social interactions with the Parisians through networks provided by institutions such as the British Embassy and the salons The second part of the book examines the significance of Paris for mid nineteenth century Anglophone journalists paying particular attention to the ways in which the young Thackeray's exposure to Parisian print culture shaped him as both writer and artist The final part focuses on fictional representations of Paris revealing the frequency with which they relied upon previous literary sources and how the surprisingly narrow palette of subgenres structures and characters they employed contributed to the characteristic and sometimes contradictory prejudices of a swiftly growing British readership French & English : A comparison Philip Gilbert Hamerton, 2023-07-11 In French English A Comparison Philip Gilbert Hamerton embarks on an illuminating exploration of the linguistic cultural and artistic interplay between the two nations Written with Hamerton's signature clarity and insight the book employs a comparative framework that examines not only the structural differences between the French and English languages but also the myriad ways in which these differences reflect broader cultural values and historical contexts Hamerton's literary style combines rigorous analysis with anecdotal observations rendering complex concepts accessible to the reader while situating the discussion within the broader European intellectual discourse of the late 19th century Philip Gilbert Hamerton was a British painter printmaker and writer whose deep seated interest in aesthetics and languages characterized much of his work Hamerton's experiences in France and his engagement with its art and literature informed his understanding of the subtle nuances of both languages providing a unique perspective that blends personal reflection with scholarly rigor His background in the arts enriches his analytical style making his observations resonate with depth and immediacy French English A Comparison is an essential read for linguists literary scholars and cultural enthusiasts alike Hamerton's insightful

examination encourages readers to contemplate the broader implications of language as a reflection of cultural identity The book serves not only as a scholarly resource but also as a compelling narrative that bridges two rich traditions inviting readers to engage with the complexities of cross cultural communication **Literary News** ,1894 **Hallberger's Illustrated Magazine** ,1879 Notes on Tennyson's In Memoriam Robin Barton,2025-03-21 This book provides an in depth analysis of Tennyson s renowned elegy In Memoriam exploring its themes symbolism and literary techniques Key features Comprehensive commentary on each canto Examination of Tennyson s religious faith and doubts Discussion of the poem s exploration of grief and consolation Appreciation of Tennyson s poetic imagery and language This book is perfect for those looking to understand Tennyson s work on a deeper level or for anyone interested in the way poetry can capture human emotions With Barton s insightful notes this classic elegy becomes accessible and relevant to anyone who has faced moments of sorrow and reflection **The Reference Catalogue of Current Literature** ,1910 **Hearts of Controversy** Alice Meynell,2019-12-16 In Hearts of Controversy Alice Meynell deftly navigates the turbulent waters of love morality and societal expectation through a series of evocative essays and reflections The literary style is characterized by its lyrical prose and incisive observations blending personal narrative with broader philosophical inquiries Meynell s exploration of the emotional and ethical intricacies surrounding human relationships is set against the backdrop of late Victorian England where shifts in social mores prompt a reevaluation of traditional values This collection not only captures the tension between personal passion and societal norms but also invites readers to ponder the essence of love itself Alice Meynell a prominent figure in the literary circles of her time was deeply influenced by her experiences as a poet editor and prominent social critic Her own life marked by personal losses and engagements in literary and feminist circles informed her perspective on the poignancy of human connection Meynell s keen sensibilities allowed her to intertwine her thoughtful reflections with a rich tapestry of language illuminating the complexities inherent in human emotions and societal roles Hearts of Controversy is an essential read for anyone interested in the intricate interplay of love and ethics Meynell s unique voice not only challenges conventional wisdom but also resonates with a contemporary audience navigating similar themes in modern relationships This book is a powerful reminder of the enduring relevance of Meynell s insights and an invitation to explore the heart s complexities France and Great Britain.
