Poder, política y gobierno en Maquiavelo Sánchez Parga, José, 2012-05-17 Más que un pensador político fue un político que pensó el poder las prácticas políticas y de gobierno El poder no es pensable solo por quien se deja pensar por el poder y por las relaciones de dominación que según la antropología política de Maquiavelo constituyen la esencia del ser humano dominar y no ser dominado Por eso para entender el pensamiento de Maquiavelo un pensamiento que nos sobrecoge sin que logremos comprenderlo plenamente hay que pensar como Maquiavelo pensar políticamente todas las realidades humanas y sociales Al estar cada una de sus ideas políticas atravesando la totalidad de su obra condensándose toda ella en cada una de sus ideas el presente estudio responde al desafío de racionalizar un pensamiento que siempre se ha resistido a tantos intentos de sistematización ya que las lógicas del poder y la dominación también se muestran refractarias a las razones más razonables que nunca son la razón de la política Los intérpretes de su obra no han cesado de proponer hermenéuticas y claves de lectura

donde cada comprensión remite siempre a un ulterior nivel de complejidad conceptual que a su vez ha de ser explicado para conducir a nuevas interpretaciones y sucesivas explicaciones Por eso entender el pensamiento de Maquiavelo es aprender a pensar políticamente

Argentina: Legend and History Vicente Blasco Ibáñez, 2020-09-28 If we wish to understand Argentina we must begin first of all by familiarizing ourselves with one pivotal sentiment that has permeated and controlled every aspect of Argentine life and development since colonial days This sentiment is an exalted and haughty patriotism so intense indeed that the tone with which an Argentine says Soy argentino is no whit less assertive and proud than that in which citizens of ancient Rome were wont to say Civis Romanus sum Whatever the origin of this sentiment the evidences of it are irrefutable Argentina has to day about nine million inhabitants of these fully two thirds are of recent foreign origin mainly Italian and Spanish and to a much smaller extent English French and German Argentina in other words has relatively a much larger population of recent foreign extraction than the United States Nevertheless the hyphen does not exist in Argentina and the terms Italo Argentine Hispano Argentine Franco Argentine etc are entirely unknown The jealous and uncompromising patriotism of the Argentine makes hyphenated national designations impossible If we turn from the evidence of purely popular sentiment to the more sober and more controlled evidence of literature we find the same thing Take away from the literature of Argentina the theme of patriotism and you have taken away its most distinctive and its greatest life giving element It has been said and justly that the Italian literature of the nineteenth century centered entirely about the theme of Italian unification voicing during the first half of the century the aspirations of her great men for a united Italy and during the second half intoning the paean of joy at the accomplishment of those aspirations The same may be said of Argentine literature The names of the great leaders of her immortal Revolution both against the mother country and later against the internal caudillo tyrants the most important of whom was Rosas and the deeds that they performed recur again and again through the pages of her men of letters whatever be the form of literature they engage in narrative dramatic or poetic
