corners of the globe Tales of an Ecotourist showcases travel from the hot and humid Amazon jungle to the frozen but dry Antarctic as a simple yet spellbinding lens to better understand the complex issue of climate change At its core climate change is an issue few truly understand in large part due to its dizzying array of scientific economic cultural social and political variables Using both keen humor and memorable anecdotes while weaving respected scientific studies along the way Mike Gunter Jr transports the reader to five famous ecodestinations from the Galapagos Islands to the Great Barrier Reef revealing firsthand the increasing threats of climate change Part travelogue part current events expos with a healthy dose of history ecology and politics these tales of ecoadventure tackle such obstacles head on while fleshing out much needed personal context to perhaps society's greatest threat of all **An Anthology of Women's Travel Writings** Shirley Foster, Sara Mills, 2002 This anthology aims to challenge stereotypes of women travellers Rather than simply presenting writings by Victorian women who travelled bravely around the world disregarding social convention and danger the editors present a range of writing and possible ways of being a woman traveller As well as the eccentric woman traveller the editors have

included writings by those who might be seen as failed travellers cautious and conventional travellers and those who did not conform to the adventurous heroine stereotype Because travelling as a woman and writing as a woman presents the author with a number of textual problems which must be negotiated Foster and Mills have chosen to include writings which confronted these problems and which resolved them or did not resolve them in different ways These textual problems include the depiction of other women the representation of spatial relations the negotiations undertaken in relation to the adventure heroine narrative and character and the position taken by the author in relation to the representation of knowledge These issues are all crucial in relation to travel writing by women and the women whose writing has been collected together in this anthology have made bold decisions in relation to them
