The Foggy Rescue:

Chasing Fog Laura Pashby, 2024-08-29 At first I didn't find fog fog found me Liminal transformative and increasingly elusive far from a simple cloud of water droplets fog is a state of mind As mist drifted through a copse of trees turning a familiar place strange and otherworldly Laura Pashby snapped a photograph and an obsession began Pashby hunts for fog walks and swims in it explores its often pivotal role in literature mythology and history as well as its environmental significance There has been a 50 per cent drop in fog events in the past fifty years fog is drifting away without us noticing and the ecological impact could be calamitous As she journeys to the foggiest places she can find Pashby immerses herself in Dartmoor's dangerous fog searches for the Scottish haar experiences Venice's magical mist tell us the myths behind the River Severn's fog and the shipwrecks it hides It's easy to get lost in fog but sometimes it's where imperceptible things can be found including in ourselves Chasing Fog is a captivating meditation on fog and mist a love song to weather and nature's power to transform

Lighthouse Rescues River Stone, AI, 2025-02-20 Lighthouse Rescues explores the world of lighthouse keepers highlighting their vital role in maritime history and the heroic acts that defined their isolated lives The book delves into the evolution of lighthouse technology and how it drastically improved maritime safety reducing maritime disasters It also examines the often overlooked social history of lighthouse keepers and their families revealing the challenges they faced in remote and often harsh environments The book presents detailed accounts of remarkable rescues drawn from logbooks and personal testimonies illustrating the bravery and resourcefulness of these unsung heroes For instance the development of more powerful lenses transformed lighthouses from simple beacons to complex engineering marvels significantly extending the range at which ships could spot land The book is structured in three parts beginning with the history of lighthouses then presenting detailed rescue accounts and finally exploring the legacy of lighthouses in the modern era This narrative provides a unique blend of technological and human stories offering an accessible account of lighthouse keeping and maritime rescue By focusing on specific examples of heroic acts and technological innovations the book challenges the traditional view of lighthouse keepers as merely custodians emphasizing their proactive role in maritime safety and global seafaring trade

Rescues from the Sky Lee F. Walters MD, 2020-07-13 Rescues from the Sky features the true stories of the US Coast Guard Aviation Medical Rescue Service as seen through the eyes of a wet behind the ears flight surgeon fresh out of training The events it recounts took place during the author's

experience while stationed at US Coast Guard Air Station San Francisco from 1971 to 1973 The rescues are described in detail and include among others The crash of a 747 on the runway on the author s first day of work The hijacking of a 737 by two Bulgarians The rescue of a woman bleeding from an abortion performed on a Russian submarine Saving the life of a sailboat owner in Half Moon Bay who had a heart attack and fell unconscious while sailing in thirty mile per hour winds toward a rocky shore Rescuing a Czech crewman who developed appendicitis fifty miles at sea in a storm with fifty five mile per hour winds Intersecting the dramatic rescues is a love story between the author and a young nurse and how their medical careers get in the way of their growing need to be together The book also traces the author s training that led to his becoming a flight surgeon prior to his tour of duty Though written under a pseudonym for personal reasons this is a work of non fiction that has been approved by the Motion Picture and Television Office of the United States Coast Guard Several of the incidents recounted are also well documented in newspapers from the era This book is ideal for anyone who likes adventure excitement humor emergency medicine aviation adventure a tender love story or all of the above A Ritual of the Monkey Richard Sole,2010-12-16 A Professional Review In this kind of fractured reality the clever idea is that we never know what is real Stella Westhoff A dream invasion adventure epic Richard Sole swims into the swirly sea of the subconscious shifting logic with fractured reality of dreams A Ritual of the Monkey is surely an ambitious psychological thriller brilliantly conceived and superbly written It tells the story of Ezra Cantrell adrift in time and experience in reality within dreams dreams without reality as he enters in a world where dreams and reality are indecipherable What is real and what is not becomes a mind bending time twisting odyssey Ezra Cantrell is a Foreign Service employee who meets and marries Sacha an Indonesian woman The all important establishment of the book s premise is made meticulously and at great length as Ezra travels on assignments Ultimately it is the experience of the book that toys with the reader s mind on a massive scale As Sacha s emotional pain and the symptoms of her disease become apparent she is betrayed with frightening delusions She descends into madness and then regains the ability to function in her world or is it Alternating between what is real and what is not Richard Sole hypnotizes us with elegant dreamscapes within cityscapes and as a tour guide takes the reader to distant lands and introduce them to its culture and mores Like any traditional narrative the book starts at point A and ends at point B It just goes backward through the alphabet to get there A slippery cerebral drama that slaloms from illusion to reality and back again leaving the reader bewitched and bothered It is the story of good and evil a narrative of America s imperial character versus radical Islamic Jihad it is the tangle of relationships that goes against the grain and challenges eternal truths A well crafted and enthralling brain teaser A Ritual of the Monkey is either a great mind bending book or one big swindle Let s go with the former Stella Westhoff Atlanta Georgia About The Book Spurred by a desire to travel the world Ezra Cantrell joined the Foreign Service and saw it all Thousand islands of Indonesia soaring minarets in Kyrgyzstan Uzbekistans bulbous blue domes and many pleasant tree filled streets around the world His journeys traversed

the continents casting a spell on any travelers imagination Along with Sacha his Indonesian spouse their magical journey is a measure for adventure or misadventure Then the ragged wounds of life strike Sacha with an emotional disorder and strip her of a fulfilling life experience Her obsessive ritual is matched only by the lecherous fetish of a French diplomat who falls in love with her nineteen year old daughter The mishmash adds a disquieting twist to an already sick family dynamic Lost in the shuffle Sacha struggles as she trails her husband on international assignments With each move she starts again in a different city Adrift in real time and dream time Ezra finds solace from the family turmoil as he escapes on assignments and soon experiments with his sexual curiosity Tormented by his secret desires he struggles to stave off the gremlins Along comes a sociopath brimming with wicked desires who spews a disturbing shroud over an American university campus A delusional love affair sprouts a bruised ego ruptures and a sick obsession with a sadistic bent is unleashed with dreadful outcomes What appears to be isolated slayings soon turn into the handiwork of a demented mind setting off an intercontinental jealous rage that chills the mind in this dream invasion epic
