Representation of China in Eighteenth-Century France John Finlay, 2020-07-09 This is an in depth study of the intellectual technical and artistic encounters between Europe and China in the late eighteenth century focusing on the purposeful acquisition of information and images that characterized a direct engagement with the idea of China The central figure in this story is Henri Léonard Bertin 1720 1792 who served as a minister of state under Louis XV and briefly Louis XVI Both his official position and personal passion for all things Chinese placed him at the center of intersecting networks of like minded individuals who shared his ideal vision of China as a nation from which France had much to learn John Finlay examines a fascinating episode in the rich history of cross cultural exchange between China and Europe in the early modern period and this book will be an important and timely contribution to a very current discussion about Sino French cultural relations This book will be of interest to scholars in art history visual culture European and Chinese history **Dressed to**

Rule John E. Vollmer, 2007-10-15 Art takes many forms In this selection of Asian court attire dating from the Qing dynasty 1644 1911 the phrase you are what you wear resonates Vollmer journeys back to the thirteenth century Chinese Empire where ancestors of the ruling Manchu conquerors dressed fittingly These exquisite costumes remind us that royalty once set fashion standards the way that celebrities do today but that these garments also promoted distinct national and political messages that helped keep a ruling minority in power for nearly three centuries Dressed to Rule is a guide to the exhibit of the same name that appeared at the University of Alberta in 2007 Foreword by Janine Andrews **An Introduction to**

Chinese Culture through the Family Howard Giskin, Bettye S. Walsh, 2001-07-19 An Introduction to Chinese Culture through the Family covers a central element of Chinese culture the idea of family or jia Written for both beginners and specialists this book considers the role of family literally metaphorically and as an organizing principle in the creation of the Chinese worldview Individual chapters explore philosophy art language music folk literature fiction architecture film and women and gender **To My Dear Pietermette** Bea Brommer, 2015-08-04 To my dear Pietermette describes a ten year

period in the lives of Pietermette van Hoorn and her grandfather Willem van Outhoorn former governor general of the Dutch East Indies Eleven years old Pietermette left for Amsterdam and the only contact possible was by mail Numerous letters have survived and combined with contemporaneous documents most of them never published before they offer a vivid and clear picture of their private life and feelings forming a most welcome addition to official VOC history Van Outhoorn not only acted as Pietermette's mentor while she tried to adjust to her new but unknown fatherland but also sent her numerous exquisite presents the greater part of which has been traced and described in full thus offering new insight in the cultural history of

Asia **New Qing Imperial History** Ruth W. Dunnell, Mark C. Elliott, Philippe Foret, James A Millward, 2004-07-31 New Qing Imperial History uses the Manchu summer capital of Chengde and associated architecture art and ritual activity as the focus for an exploration of the importance of Inner Asia and Tibet to the Qing Empire 1636 1911 Well known contributors argue that the Qing was not simply another Chinese dynasty but was deeply engaged in Inner Asia not only militarily but culturally politically and ideologically Emphasizing the diverse range of peoples in the Qing empire this book analyzes the importance to Chinese history of Manchu relations with Tibetan prelates Mongolian chieftains and the Turkic elites of Xinjiang In offering a new appreciation of a culturally and politically complex period the authors discuss the nature and representation of emperorship especially under Qianlong r 1736 1795 and examine the role of ritual in relations with Inner Asia including the vaunted but overrated tribute system By using a specific artifact or text as a starting point for analysis in each chapter the contributors not only include material previously unavailable in English but allow the reader an intimate knowledge of life at Chengde and its significance to the Qing period as a whole **Peking** Susan Naquin, 2001-01-15 The central character in Susan Naquin s extraordinary new book is the city of Peking during the Ming and Qing periods Using the city s temples as her point of entry Naquin carefully excavates Peking s varied public arenas the city s transformation over five centuries its human engagements and its rich cultural imprint This study shows how modern Beijing s glittering image as China s great and ancient capital came into being and reveals the shifting identities of a much more complex past one whose rich social and cultural history Naquin splendidly evokes Temples by providing a place where diverse groups could gather without the imprimatur of family or state made possible a surprising assortment of community building and identity defining activities By revealing how religious establishments of all kinds were used for fairs markets charity tourism politics and leisured sociability Naquin shows their decisive impact on Peking and at the same time illuminates their little appreciated role in Chinese cities generally Lacking most of the conventional sources for urban history she has relied particularly on a trove of commemorative inscriptions that express ideas about the relationship between human beings and gods about community service and public responsibility about remembering and being remembered The result is a book that will be essential reading in the field of Chinese studies for years to come The Qianlong Emperor Zhang Hongxing, Hongxing Zhang, 2002 Qianlong the great 18th century Emperor ruled China for 60 years during which time the country became the most wealthy and populous nation in the world An open minded truthful and hard working ruler the Emperor was also a poet painter and calligrapher as well as an art collector and connoisseur In conjunction with the first exhibition from the Palace Museum Beijing to the UK this illustrated catalogue covers the Qianlong Emperor and depicts the many facets of his life It also looks in detail at the art produced during his rule both by himself and the artists he employed including court and genre portraits prints gold silver and jade objects and textiles This catalogue consists of five essays by the experts of the Palace Museum and introductory texts to 90 exhibits from its superb collections *Life in the Imperial Court of Qing Dynasty China*
