The Fords Peter Collier, David Horowitz, 2021-01-19 In *The Fords An American Epic* Peter Collier and David Horowitz tell the riveting story of three generations of Fords a dramatic story of conflict between fathers and sons played out against the backdrop of America's greatest industrial empire The story begins with the first Henry Ford the mechanical wizard tinkerer and mad genius who drove the automobile into the heart of American life and conquered the world with it An American Original by the end of his life he had become an embittered crank who so possessively loved the company he built that when his son Edsel tried to change it to suit the changing times Henry destroyed him It was left to Edsel's son Henry II to avenge him and save the Ford Motor Company in the postwar world From the details of the first Henry's illicit affair and illegitimate son to the life and loves of Hank the Deuce and his celebrated feud with Lee Iacocca this is an engrossing account of a vital chapter in American history The authors have added new material to this classic work showing how Henry II's line lost out to the line of his brother William Clay Ford in the quest to control this most American of companies in the twenty first century In addition to *The Fords* Peter Collier and David Horowitz are the authors of dynastic biographies of the Kennedys Roosevelts Rockefellers and Fondas *The Fords of New Jersey: Power & Family During America's Founding* Jude M.

Pfister, 2010-12-01 Experiencing triumph and defeat during some of the most complex times in American history the Ford family of Morris County New Jersey left an indelible mark on their community Though there were few opportunities available at the time the Fords rose to prominence in colonial America through their devotion to principle and a commitment to family In the nineteenth century the Fords adapted to the shifting economic and cultural landscape with grace and ingenuity The stately home of the family which was once George Washington's headquarters has now become a monument to the remarkable times in which they lived Their story is not just of one family or one place Their story in miniature reflects the larger story of Morris County New Jersey and America **The Public Image of Henry Ford** David Lanier Lewis, 1976

Skillful journalism and meticulous scholarship are combined in the full bodied portrait of that enigmatic folk hero Henry Ford and of the company he built from scratch Writing with verve and objectivity David Lewis focuses on the fame popularity and influence of America's most unconventional businessman and traces the history of public relations and advertising within Ford Motor Company and the automobile industry **Ford Genealogy** Eliakim Reed Ford, 1916

Martin or Matthew Ford b ca 1661 immigrated from England though some records indicate he came from France to Salem Essex County Massachusetts and later settled in Bradford Essex County He married Lydia Griffen in 1684 Descendants and relatives lived in New England New York and elsewhere **The Fords** Peter Collier, David Horowitz, 2002 *The Fords An American Epic* is the dramatic story of three generations of Fords and of the dramatic conflict between fathers and sons played out against the backdrop of America's greatest industrial empire The story begins with Henry I the mechanical wizard tinkerer and mad genius who drove the automobile into the heart of American life and conquered the world with it But in the end he became an embittered

crank who so possessively loved the company he built that when his son Edsel tried to change it to suit the times Henry destroyed him. It was left to Edsel's son Henry II to avenge him and save the Ford Motor Company from the details of Henry I's illicit affair which produced an illegitimate son to the life and loves of Hank the Deuce and his celebrated feud with Lee Iacocca. This is an engrossing account of a vital chapter in American history. The authors have added a new preface to this now classic work showing how Henry II's line lost out to the line of his brother William Clay Ford in the quest to control the company in the twentieth century. *The Jacob Ford Jr. Mansion: The Storied History of a New Jersey Home* Jude M. Pfister, 2009-09-15 In 1772 the Ford family began building what would easily become the largest home in Morristown and years later became the site of the first National Historic Park in the United States. Completed just before colonial unrest reached a boiling point, the home quickly secured a reputation as a place of prominence for supporters of colonial interests. Today the mansion is best known as George Washington's headquarters when it became a strategic site for Washington during a winter encampment and gained importance for its role in the American Revolution. Jude Pfister tells the story of this beloved home that has endured the tests of time and whose own history is inextricably woven into that of the country's.

Banham, 2002-01-01 Marking the centennial of the Ford Motor Company, this illustrated history of the company chronicles the various innovations from the invention of the assembly line to the V-8 engine that transformed modern transportation. **The Ford Presidency** Andrew Downer Crain, 2009-04-22 Though he occupied the oval office for less than three years, Gerald Ford made several key political decisions that helped reunite the country following the divisions over the Vietnam War and helped restore the faith of Americans in their government following the Watergate scandal.
