The Forest Of Peldain:

The Forest of Peldain Barrington J. Bayley, 1985 *The Forest of Peldain* Barrington J. Bayley, 2012-11-30 Life was not possible on that watery world except on the Hundred Islands The Empire of Arelia ruled them all except one Peldain was entirely covered with a forest so impenetrable and so deadly that all attempts to explore it were disastrous Then a man came out of that jungle a human who told the Arelians that at the center of the island a secret kingdom flourished There was nothing for it but to organise an expedition However deadly the alien forest might be if one man could get out an army could get in So Lord Vorduthe landed and began the assault on the great green enemy Nobody could have foreseen the horrors with which the forest defended itself Nobody could have foreseen the price that would be paid by Vorduthe's men And only Vorduthe himself would learn the incredible secret of the island if his mind could stand it **Future and Fantastic Worlds**

Sheldon Jaffery, 1987-01-01 *Future and Fantastic Worlds* embodies an unusual approach to the field of bibliographic research including over 700 annotations of every DAW book published through mid 1987 with indexes by author artist and title providing a massive guide to modern SF writers and their works with much background data Interspersed throughout the book are numerous wry irreverent and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool **The Mammoth Book of Best New Horror 20** Stephen Jones, 2009-10-15 The year's best and darkest tales of terror showcasing the most outstanding new short stories and novellas by contemporary masters of the macabre including the likes of Ramsey Campbell Neil Gaiman Brian Keene Tanith Lee Elizabeth Massie Kim Newman Michael Marshall Smith and Gene Wolfe The Mammoth Book of Best New Horror also includes a comprehensive annual overview of horror around the world in all its incarnations an impressively researched necrology and a list of indispensable contact addresses for the dedicated horror fan and aspiring writer alike It is required reading for every fan of macabre fiction

The Garments of Caeon Barrington J. Bayley, 2011-09-29 THE GARMENTS OF CAEON are forbidden in the Ziode Cluster their qualities little understood So when Peder Forbath finds the legendary Frachonard suit on a wrecked Caeanic freighter he immediately tries it on To his delight he finds that the garment endows him with undreamed of powers But is Peder wearing the suit or is the suit wearing him *The Great Hydration* Barrington J. Bayley, 2013-07-25 Karl Krabbe and Boris Bouche partners explorers interstellar chancers don't care much for the law They don't care much for anything except profit Their staff bondman nuclear engineer Roncie Northrop doesn't care much about anything either except that he's already tried to abscond from the control of the rapacious and illegally operating pair once When K B's exploration ship comes upon the small planet Tenacity they see a good business opportunity Tenacity is waterless a desert planet But it had water once and they realize that with some adroit but spectacular geological engineering it can be given its oceans back That suits the dominant lobster-like Tlixix fine They are tired of living like aliens in their domed refuges Of course the numerous intelligent species which have evolved since the great dehydration will perish but so what As for Roncie whose part in the project is

crucial he doesn't like it much but what can he do He's only a bondman Krabbe and Bouche strike a deal and business is business **Annihilation Factor** Barrington J. Bayley, 2013-11-28 From the Garlowe Clusters in the north to the Veils of Darkness in the south the Star Kingdom sprawled over roughly a fifth of the galaxy So huge was this realm that those who tussled for power over it seemed unable to appreciate that it faced annihilation by the Patch a roving region of peculiar pseudo energy a light year across which drained the life force from any living thing it encountered The Patch had moved into the Kingdom and was systematically feeding on system after system Cynically unperturbed by the appalling loss of life the royal houses merely tried to involve the Patch in their machinations to the extent that civil war broke out all over again But in the event the Patch was to provide the crucial factor in the struggle for absolute power **The Annihilation Factor** Empire of Two Worlds Barrington J. Bayley, 2011-09-29 In the huge termite hills of cities that dotted the dead world of Killibol it seemed that nothing could ever change Each city was enclosed and self sustaining in a stasis fixed by the one reality of power the protein tanks in which organic nutrients could be processed to provide food But gang leader Becmath was a man with a vision to build an empire for himself without breaking this stasis His lieutenant Klein recognised Becmath's genius and stayed faithful to him even when they were forced to travel Killibol's arid surface in a desperate search for the lost gateway to Earth He stayed faithful through murder treachery and countless adventures Only when Becmath's schemes reached incredible fulfilment was he able to realise that he had been serving an egomaniac and a monster The Pillars of Eternity Barrington J. Bayley, 2011-09-29 When the Colonnaders plucked him from a life of misery and their surgeons rebuilt his twisted body with silicon bones Joachim Boaz renamed himself after THE PILLARS OF ETERNITY Now he seeks Meirjahn the Wanderer a planet that plots its own course between stars for on its surface lies a gem that offers mastery over time itself

Barrington Bayley SF Gateway Omnibus Barrington J. Bayley, 2014-03-06 Although largely and unjustly neglected by a modern audience Bayley was a hugely influential figure to some of the greats of British SF such as Michael Moorcock and M John Harrison He is perhaps best known for THE FALL OF CHRONOPOLIS which is collected in this omnibus alongside THE SOUL OF THE ROBOT and the extraordinary story collection THE KNIGHTS OF THE LIMITS THE FALL OF CHRONOPOLIS The mighty ships of the Third Time Fleet relentlessly patrolled the Chronotic Empire's 1 000 year frontier blotting out an error of history here or there before swooping back to challenge other time travelling civilisations far into the future Captain Mond Aton had been proud to serve in such a fleet But now falsely convicted of cowardice and dereliction of duty he has been given the cruellest of sentences to be sent unprotected into time as a lone messenger between the cruising timeships After such an inconceivable experience in the endless voids there is only one option left to him To be allowed to die THE SOUL OF THE ROBOT Jasperodus a robot sets out to prove he is the equal of any human being His futuristic adventures as warrior tyrant renegade and statesman eventually lead him back home to the two human beings who created him Question Does he have a soul THE KNIGHTS OF THE LIMITS Nine brilliant stories of infinite space and alien consciousness suffused with a

sense of wonder
