

probably best known to Americans, is the cottage at Chalfont St. Giles, some twenty-five miles northwest of London, where Milton and his family sought refuge from the plague in 1665. This temporary dwelling place of Milton's is, ironically, the only house still standing where he actually lived and wrote. Now owned and operated by the Milton Cottage Trust, it is a museum of Miltoniana open to the public.

It is interesting and indeed useful to have all of the material in *Milton: A Topographical Guide* brought together in one place in this particular format. Aside from a few misstatements, such as that "Milton was in his thirties" when the family moved to Horton (p. 24), the text is informative and interesting. My only reservation in recommending the book has to do with its price and its appearance. The cost of the paperback version is twice what it should be, and the clothbound text is prohibitively expensive. Furthermore, the prices are especially outrageous considering the appearance of the book, its text offset-printed from typewritten pages and its maps reduced to such small size and so badly inked that most readers will probably have to use magnifying glasses to read them. Indeed, *Milton: A Topographical Guide* should not have been published by an academic press. It should have been issued by a publisher of commercial guidebooks, replete with clear photographs and drawings and large-scale foldout maps, and offered at a reasonable, guidebook price. Were it in the attractive format and price range of Chamber's Illustrated Guides, for example, issued as a companion to their *Shakespeare Country*, I could recommend it wholeheartedly.

The Fourfold Pilgrimage: The Estates of Innocence, Misery, Grace, and Glory in Seventeenth-Century Literature. By Diane Elizabeth Dreher. Washington D.C.: University Press of America, 1982. Pp. x + 165. \$9.75.

Reviewed by Dean Ebner, Bethel College (Minn.)

The four estates of the title of this book, traceable to Augustine's *Enchiridion*, are developed by Dreher as stages of spiritual evolution both for Christian individuals and for the whole race, seen in the schema of Christian history. Each of the four estates is defined in the first half of the book, using generous quotations from a vast range of theological and literary sources, both medieval and renaissance. One hears in the same context from Aquinas, Jacob Boehme, and lesser Catholic, Anglican, and Puritan divines of the sixteenth and seventeenth centuries, in an effort to establish the broad meaning of the four terms as the intellectual basis for a later look at the work of Traherne and Milton.

The state of innocence, our prelapsarian state, is tied by Dreher to the Greek Golden Age, to the pastoral tradition, and to the primitivism of many renaissance travel accounts. In that state human nature—existing in the image of God in body, mind, and soul—was in perfect harmony not only with the divine will but with itself. There were thus no excessive passions or internal conflicts in human experience. The Christian reader finds few new insights in this treatment of pre-fallen human nature, but there are useful, if brief, comments on the traditional debates over points like the extent of human sensuality before the Fall, how limited Adam's knowledge was because of his lack of actual experience, and whether children retain the innocence of this first estate or are born with an in-

Boundless Innocence in Thomas Traherne's Poetic Theology

Elizabeth S. Dodd,2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall Boundless Innocence in Thomas Traherne s Poetic Theology traces innocence through Traherne s works as it transgresses the boundaries of the estates of the soul Using grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry Were all Men Wise and Innocent Recovering and reinterpreting a key but increasingly neglected theme in Traherne s poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the

Communities have often shaped themselves around cultural spaces set apart and declared sacred For this purpose churches priests or scholars no less than writers frequently participate in giving sacred figures a local habitation and sometimes voice or name But whatever sites rites images or narratives have thus been constructed they also raise some complex questions how can the sacred be presented and yet guarded claimed yet concealed staged in public and at the same time kept exclusive Such questions are pursued here in a variety of English texts historically employed to manifest and manage versions of the sacred But since their performances inhabit social space this often functions as a theatrical arena which is also used to stage modes of dissent difference sacrifice and sacrilege In this way all aspects of social life the family the nation the idea of kingship gender identities courtly ideals love making or smoking may become sacralized and buttress claims for power by recourse to a repertoire of religious symbolic forms Through critical readings of central texts and authors such as Sir Gawain Foxe Sidney Shakespeare Donne or Vaughan as well as less canonical examples the Croxton play Buchanan Lanyer Wroth or the tobacco pamphlets the twelve contributions all engage with the crucial question how and to what end performances of the sacred affect or effect cultural transformation Innocence Uncovered Elizabeth Dodd,Carl Findley III,2016-09-13
