

THE FUTURE OF LIBERAL THEOLOGY

Susannah Cornwall

In 2003, *Modern Reformation* interviewed Richard Rorty, the postmodern atheist philosopher and author of books on language, epistemology and the contingent nature of truth. Rorty said:

I'm delighted that liberal theologians do their best to do what Pio Nono [Pope Pius IX] said shouldn't be done – try to accommodate Christianity to modern science, modern culture, and democratic society. If I were a fundamentalist Christian, I'd be appalled by the wishy-washiness of their version of the Christian faith. But since I am a non-believer who is frightened of the barbarity of many fundamentalist Christians (e.g., their homophobia), I welcome theological liberalism. Maybe liberal theologians will eventually produce a version of Christianity so wishy-washy that nobody will be interested in being a Christian any more. If so, something will have been lost, but probably more will have been gained.¹

Rorty did not mean anything complimentary by this. As someone who often emphasised the dangerous and destructive characteristics of organised religion, he meant that a world in which people had grown out of religion would be a better one all round: more sane, more reasonable, more irenic, less brutal.

But I wonder whether there is something more positive to be said about a faith which in some sense has built into it a sense of its own inadequacy and provisionality – and which persists in the face of an apparent barrage of evidence that it should give up and go home. Liberal Christianity, which seeks to test and hold the claims of the Christian tradition alongside insights from science and other human knowledge, recognises something very important if it recognises that success cannot

The Future Of Liberal Theology

Ivan Petrella

The Future Of Liberal Theology:

The Future of Liberal Theology Mark D. Chapman, 2017-11-22 This title was first published in 2002 Two hundred years after the publication of Schleiermacher's epoch making *Speeches* *The Future of Liberal Theology* presents a comprehensive and critical re assessment of the past present and future of the liberal tradition in Christian theology In dialogue with the different forms of liberalism emerging from the Enlightenment each of which is carefully defined distinguished international theologians draw on a range of perspectives which represent the diversity of liberal theology Discussing the criticisms of liberalism offered in the twentieth century and engaging with contemporary theological debate which is often deeply hostile to liberalism the conclusions offered for liberal theology range from the deeply pessimistic to the thoroughly optimistic Students clergy and theological educators more broadly will value this critical reflection on the current state of theology and suggestions for its future course together with the serious engagement with issues in theological education which this book presents

The Future of Liberalism Alan Wolfe, 2010-02-09 A compelling and deeply felt exploration and defense of liberalism what it actually is why it is relevant today and how it can help our society chart a forward course *The Future of Liberalism* represents the culmination of four decades of thinking and writing about contemporary politics by Alan Wolfe one of America's leading scholars hailed by one critic as one of liberalism's last and most loyal sons Wolfe mines the bedrock of the liberal tradition explaining how Immanuel Kant John Stuart Mill John Dewey and other celebrated minds helped shape liberalism's central philosophy Wolfe also examines those who have challenged liberalism since its inception from Jean Jacques Rousseau to modern conservatives religious fundamentalists and evolutionary theorists such as Richard Dawkins Drawing on both the inspiration and insights of seminal works such as John Locke's *Second Treatise on Government* Adam Smith's *Theory of Moral Sentiments* Kant's essay *What is Enlightenment* and Mill's *On Liberty* and *The Subjection of Women* Wolfe ambitiously sets out to define what it truly means to be a liberal He analyzes and applauds liberalism's capacious conception of human nature belief that people outweigh ideology passion for social justice faith in reason and intellectual openness and respect for individualism And we see how the liberal tradition can influence and illuminate contemporary debates on immigration abortion executive power religious freedom and free speech But Wolfe also makes it clear that before liberalism can be successfully applied to today's problems it needs to be recovered understood and embraced not just by Americans but by all modern people as the most beneficial way to live in our complex modern world *The Future of Liberalism* is a crucial enlightening and immensely rewarding step in that direction

The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 *The Spirit of American Liberal Theology* is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien's three volume trilogy *The Making of American Liberal Theology* Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United

States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author's post Hegelian liberal liberationist perspective

Ernst Troeltsch and the Future of Theology John Clayton, 1976-08-12 A reassessment of the theology of the German Protestant theologian Ernst Troeltsch 1865 1923 and of his significance for contemporary theology The six papers here presented were originally delivered at an international colloquium on Troeltsch held at the University of Lancaster The contributors focus on the fundamental issues raised by Troeltsch which remain central to theology today and seek to engage him as a discussion partner in a continuing debate Troeltsch has been unduly neglected as a theologian a fact which is due partly to the dominance of the dialectical theology of Barth and Bultmann in Germany after the First World War This book seeks to remedy this state of affairs by dealing critically with Troeltsch's theology as well as constructively with the issues The papers fall into three groups in the first Troeltsch is considered as a Christian theologian in the second are studied the possibilities of systematic and historical theology along Troeltschian lines in the third the questions of what makes Christianity Christian and of Christian claims to exclusive truth are examined in the light of Troeltsch's work Each of the contributors is a noted Troeltsch scholar and the book contains an extensive bibliography which adds to its usefulness to students and scholars alike

The Future of Christology Dong-Kun Kim, 2019-06-28 The Future of Christology addresses the questions that Christology currently faces and or will face in the future in 12 topics The book consists of two parts In the first part Kim deals with five topics related to traditional Christology while in the second part he wrestles with seven topics related to issues of Christology The twenty first century is a challenging time for Christianity Many in our age are asking what Jesus Christ means in various dimensions of history culture nature and even beyond the Earth Changes in values worldviews and views of the universe are forming a new zeitgeist Dong Kun Kim argues that ways of understanding Christ should change accordingly for a Christology that fails to communicate meaningfully with the times is void of vitality Postmodernism dehistoricization and life post ideology multiculturalism multiple religions and above all the rapid development of the natural sciences pose a serious challenge to traditional Christology Who is Christ in the age of an infinite cosmos How do daily human life social devotion and praxis relate to salvation How can we discuss salvation history in an era post history Where does Christ stand in the public sphere Can the Chalcedonian definition of the two natures of Christ true God and true human being encompass nature and the cosmos would a third nature of Christ be necessary Will the cyborg which may appear in the near future be the object of Christ's salvation If scientific determinism becomes popular in the future will the basis of faith in Christ lose ground If intelligent life exists in the universe what does Christ mean to such life This book provides innovative answers to these questions in an academic context

Pluralism: The Future of Religion Kenneth Rose, 2013-03-28 Theology of religions has defaulted in the last two decades to an epicyclic inclusivism which seeks to undermine pluralism with claims that it is covertly triumphalistic and that

it mirrors the logic of exclusivism With the exception of pioneers in the field such as John Hick and Paul Knitter most major figures in this theological field have retreated from pluralism and promote versions of particularism and inclusivism

Pluralism The Future of Religion argues for an apophatic pluralism that is motivated by the insight that it is impossible to secure universal assent for changeable bodies of religious teachings This insight implies the non finality and consequent departicularization of all religious teachings and their inclusivistic defenses These conclusions point us inevitably toward pluralism and lead us out of the inclusivistic impasse of contemporary theology in religions **Karl Barth and the Future**

of Evangelical Theology Christian T Collins Winn, John L Drury, 2017-09-28 The theology of Karl Barth has often been a productive dialogue partner for evangelical theology but for too long the dialogue has been dominated by questions of orthodoxy Karl Barth and the Future of Evangelical Theology contributes to the conversation through a creative reconfiguration of both partners in the conversation neither of whom can be rightly understood as preservers of Protestant orthodoxy Rather American evangelicalism is identified with the revivalist forms of Protestantism that arose in the post Reformation era while Barth is revisited as a theologian attuned both to divine and human agency In the ensuing conversation questions of orthodoxy are not eliminated but subordinated to a concern for the life of God and God's people By offering an alternative to the dominant constraints this book opens up new avenues for fruitful conversation on Barth and the future of evangelical theology Apocalyptic and the Future of Theology Joshua B. Davis, Douglas Harink, 2012-11-07 Ernst Kasemann famously claimed that apocalyptic is the mother of Christian theology J Louis Martyn's radical interpretation of the overarching significance of apocalyptic in Paul's theology has pushed Kasemann's claim further and deeper Still despite the recognition that apocalyptic is at the core of New Testament and Pauline theology modern theology has often dismissed domesticated or demythologized early Christian apocalyptic A renewed interest in taking apocalyptic seriously is one of the most exciting developments in recent theology The essays in this volume taking their point of departure from the work of Martyn and Kasemann wrestle critically with the promise and possible peril of the apocalyptic transformation of Christian theology With original contributions from established scholars including Beverly Gaventa Stanley Hauerwas Robert Jenson Walter Lowe Joseph Mangina Christopher Morse and Fleming Rutledge as well as younger voices this volume makes a substantial contribution to the discussion of apocalyptic and theology today A unique feature of the book is a personal reflection on Ernst Kasemann by J Louis Martyn himself **The Future of Religion in American Politics** Charles

Dunn, 2010-09-12 Should parents receive vouchers to send their children to religious schools What limits if any should the government place on abortion Should the government permit and fund stem cell research Should religious organizations have the right to prohibit the employment of homosexuals Should public schools teach both creationism and evolution How does religion influence our political stances on gay marriage The death penalty Immigration The issues are real The emotions are intense The solutions are difficult to reach and often problematic From the White House to the courthouse from

governors mansions to the United States Supreme Court religion factors into many contemporary legal controversies Efforts to establish the proper balance between church and state create heated debates in America and raise seemingly insoluble questions Politicians and their advisers walk a fine line when addressing religious issues in an increasingly pluralistic society where religious factions attempt to impose their values on the electoral and legislative processes The Future of Religion in American Politics presents thoughtful wide ranging essays by twelve eminent public intellectuals and scholars offering rich and stimulating views on one of the most divisive issues of our time Editor Charles W Dunn and the contributors assess the impact of religion on American politics in four distinct time periods the founding the Civil War the New Deal era and the modern era Dunn out lines seven propositions that characterize the interaction of religion and politics during these time periods and describes how and why religion continues to influence politics in America Contributors to this volume argue that whereas religion in the founding era held society together in a shared belief of the biblical portrayal of humanity today s pluralistic religious interpretations of God appear to be tearing society apart The rise of Islam and other world religions poses perplexing questions about the issue of tolerance Can America survive as a free society without commonly accepted morals that are based in religion Is America a secular society with a clear separation of church and state or a government created and informed by ever changing religious values The Future of Religion in American Politics includes essays about religion in the public square evangelical and faith based politics in presidential elections The authors investigate many thought provoking questions about the extent of religious influence in the U S government today and its likely impact in the future Lucid and accessible this book covers a wide range of issues and will be invaluable to students of politics religious studies and history

The Future of Liberation Theology Ivan Petrella, 2004 Two hundred years after the publication of Schleiermacher s epoch making *Speeches* The Future of Liberal Theology presents a comprehensive and critical reassessment of the past present and future of the liberal tradition in Christian theology In dialogue with the different forms of liberalism emerging from the Enlightenment each of which is carefully defined distinguished international theologians draw on a range of perspectives which represent the diversity of liberal theology Discussing the criticisms of liberalism offered in the twentieth century and engaging with contemporary theological debate which is often deeply hostile to liberalism the conclusions offered for liberal theology range from the deeply pessimistic to the thoroughly optimistic Students clergy and theological educators more broadly will value this critical reflection on the current state of theology and suggestions for its future course together with the serious engagement with issues in theological education which this book presents

Unveiling the Magic of Words: A Review of "**The Future Of Liberal Theology**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**The Future Of Liberal Theology**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound affect on the souls of its readers.

The Future Of Liberal Theology Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Future Of Liberal Theology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Future Of Liberal Theology has opened up a world of possibilities. Downloading The Future Of Liberal Theology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Future Of Liberal Theology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Future Of Liberal Theology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Future Of Liberal Theology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Future Of Liberal Theology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and

validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Future Of Liberal Theology has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Future Of Liberal Theology Books

What is a The Future Of Liberal Theology PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Future Of Liberal Theology PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Future Of Liberal Theology PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Future Of Liberal Theology PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Future Of Liberal Theology PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator,

such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
