The Habit Of Rivers Reflections On Trout Streams And Fly Fishing:

Habit of Rivers Ted Leeson, 2006-11-01 Originally published in 1994 this book was a fly fishing phenomenon in the way Howell Raines's *Fly Fishing Through the Mid Life Crisis* was Taking his fishing hobby to near metaphysical levels Ted Leeson tells about his passions rivers trout and fly fishing With wry humor and rare insight he explores questions that engage most fishermen What is it about rivers that draws us so irresistibly and why does fly fishing seem such an aptly suited response Above all *The Habit of Rivers* is about ways of seeing the wonderfully textured world that emanates from a river *The Habit of Rivers* Ted Leeson, 1996

Haunted by Waters Mark Browning, 2014-08-27 Four essential questions Why does one fish How should one properly fish What relations are created in fishing And what effects does fishing have on the future *Haunted by Waters* is a self examination by the author as he constructs his own narrative and tries to answer these questions for himself But it is also a thorough examination of the answers he uncovers in the course of reading what's been written on the subject As his own story unfolds Mark Browning analyzes angling literature from the Bible to Norman Maclean always bringing his inquiry back to the same source the enigma of this sport *Haunted by Waters* is an exploration of the apparent compulsion of those who fish not only to read about the sport but to write about it as well Mark Browning's personal account as a fly fisherman and his perspective as a critic make him uniquely qualified to navigate these waters *Backcasts* Samuel Snyder, Bryon Borgelt, Elizabeth Tobey, 2016-07-11

Many of us probably would be better fishermen if we did not spend so much time watching and waiting for the world to become perfect Norman Maclean Though Maclean writes of an age old focus of all anglers the day's catch he may as well be speaking to another deeper accomplishment of the best fishermen and fisherwomen the preservation of natural resources *Backcasts* celebrates this centuries old confluence of fly fishing and conservation However religious however patiently spiritual the tying and casting of the fly may be no angler wishes to wade into rivers of industrial runoff or cast into waters devoid of fish or full of invasive species like the Asian carp So it comes as no surprise that those who fish have long played an active foundational role in the preservation management and restoration of the world's coldwater fisheries With sections covering the history of fly fishing the sport's global evolution from the rivers of South Africa to Japan the journeys of both native and nonnative trout and the work of conservation organizations such as the Federation of Fly Fishers and Trout Unlimited *Backcasts* casts wide Highlighting the historical significance of outdoor recreation and sports to conservation in a collection important for fly anglers and scholars of fisheries ecology conservation history and environmental ethics *Backcasts* explores both the problems anglers and their organizations face and how they might serve as models of conservation in the individual trout streams watersheds and landscapes through which these waters flow

Illuminated by Water Malachy Tallack, 2022-08-02 In its blending of nature writing and memoir also touching on the connection of time beauty and memory *Illuminated by Water* is an elegiac tribute to fly fishing and the natural world *Illuminated by Water* is a book about the author's own decades long passion for fly fishing and how it has shaped the way he

sees and thinks about the natural world That passion is shared and made legible here not just for other anglers but for those who have never yet cast a line in the water Why is it that catching fish or even thinking about catching fish can be so thrilling so captivating Why is it that time spent beside water can be imprinted so sharply in the memory Why is it that what seems a simple act of casting a line and hoping can feel so rich in mystery Alternating between regional and thematic chapters Tallack considers wildness its pursuit and its meanings the compulsive appeal of tying flies the ethics of catching and killing the allure of big fish and beauty where it is sought and where it is found He describes fly fishing trips to America Canada Shetland and England Throughout the book certain themes recur environmental harm and healing the relationship between fishing and time hope and its manifestations and the ways in which angling can deepen engagement with the natural world

Angler's Journal Erin Murphy, 1999-03 This elegant journal provides space to record the day's catch the stretch of river that produced so well and what fly you used Included are inspiring quotes to contemplate while you write from fellow anglers such as Norman MacLean Harry Middleton Izaak Walton and many more **Deep Trout** William Washabaugh, 2020-05-26 On the surface fishing is all about casting catching and communing with nature but on a deeper level the sport is filled with mysteries and contradictions Why do people fish How does a desire to return to nature go hand in hand with high tech gadgetry How is it possible to see other people's fishing as despoiling nature but not one's own What does the long and complex history of the sport reveal Like so much else in life what fishing says about society and the people in it both past and present is hidden from view and almost never discussed This book is a considered foray into the leisure sport of fishing by an avid fisherman who is also a professional anthropologist Those who enjoy the sport tend to extol its naturalness fishing enables them to commune with nature at its most primeval However if it is called natural it is probably a great spot to trawl for clues as to how people manage larger cosmic issues Call it natural the author quips and the anthropologists will come Is fishing an uncomplicated activity or is it deeply meaningful What does it say about culture Is the recent resurgence of interest in the sport simply a reflection of more disposable incomes and more leisure time What is the connection between fishing and Santa Claus fishing and flamenco And finally what is the best way to kiss a trout Unlike most books on fishing which focus on the tale or on how to this book shows that there is much more lurking beneath the surface than fish

Fishing the Delaware Valley George Ingram, Robert F. Marler, 1998-08 Spiced with wit anecdotes and recipes this part travel guide and fishing reference ranges through the 14 000 square miles of the Delaware River watershed with offshore visits for saltwater fishing along the New Jersey coast Writing under the premise that fishing is a family fun activity the authors give directions comment on each place and evaluate tackle shops restaurants taverns historical and scenic attractions and more **Wilderness of Hope** Quinn Grover, 2019-09-01 Longtime fly fisherman Quinn Grover had contemplated the why of his fishing identity before more recently becoming focused on the how of it He realized he was a dedicated fly fisherman in large part because public lands and public waterways in the West made it possible In Wilderness

of Hope Grover recounts his fly fishing experiences with a strong evocation of place connecting those experiences to the ongoing national debate over public lands. Because so much of America's public lands are in the Intermountain West, this is where arguments about the use and limits of those lands rage the loudest. And those loudest in the debate often become caricatures: rural ranchers who hate the government, West Coast elites who don't know the West outside Vail, Colorado, and energy and mining companies who extract from once protected areas. These caricatures obscure the complexity of those who use public lands and what those lands mean to a wider population. Although for Grover, fishing is often an escape back to wildness, it is also a way to find a home in nature and recalibrate his interactions with other parts of his life as a father, son, husband, and citizen. Grover sees fly fishing on public waterways as a vehicle for interacting with nature that allows humans to inhabit nature rather than destroy or preserve it by keeping it entirely separate from human contact. These essays reflect on personal fishing experiences with a strong evocation of place and an attempt to understand humans' relationship with water and public land in the American West.

Purchase the audio edition *Inventing Montana* Ted Leeson, 2009-09. Every summer for two decades, Ted Leeson and a maverick group of close companions have returned to an old ranch house on the benchland overlooking the Madison River. Trout and fly fishing may be at the heart of their ritual return, but their experience goes far beyond fishing. For these men, fishing is more than a hobby; it's a way of life. Leeson brilliantly contemplates both the human and natural landscape: the fly anglers' passionate, ironic, and sometimes hilarious allegiance to what they do; the intriguing Madison Valley and its creatures and flowers; the trout town of Ennis; maps and their revelations; the green card experience of living in a place you aren't originally from; the nature of leisure. Full of wit, surprise, shrewd observation, and wisdom, this book tells a story about creating a place of temporary liberty and inhabiting a world fashioned of your best imaginings where you might for a time experience the potency of a place that has shaped you immeasurably and in turn you have shaped as well. No lover of the very best writing about fly fishing and the natural world can afford to miss this stunning book. Whether you are a seasoned fisherman or a curious newcomer, this book will make you want to pack up and head for the Madison Valley to experience Leeson's world for yourself. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Fishing Stories Henry Hughes, 2013-04-16. *Fishing Stories* nets an abundant catch of wonderful writing in a wide variety of genres and styles. The moods range from the rollicking humor of Rudyard Kipling's *On Dry Cow Fishing as a Fine Art* and the rural gothic of Annie Proulx's *The Wer Trout* to the haunting elegy of Norman Maclean's *A River Runs Through It*. Many of these tales celebrate human bonds forged over a rod.

including Guy de Maupassant's Two Friends Jimmy Carter's Fishing with My Daddy and an excerpt from Ernest Hemingway's The Garden of Eden Some deal in reverence and romance as in Roland Pertwee's The River God and some in adventure and the stuff of legend as in Zane Grey's The First Thousand Pounder and Ron Rash's Their Ancient Glittering Eyes There are narratives that confront head on the heartbreaks and frustrations of the sport from Thomas McGuane's meditation on long spells of inaction as the essence of fishing in The Longest Silence to Raymond Carver's story of a boy's deflated triumph in the gut wrenching masterpiece Nobody Said Anything And alongside the works of literary giants are the memories of people both great and humble who have found meaning and fulfillment in fishing from a former American president to a Scottish gamekeeper's daughter Whether set against the open ocean or tiny mountain streams in ancient China tropical Tahiti Paris under siege or the vast Canadian wilderness these stories cast wide and strike deep into the universal joys absurdities insights and tragedies of life This beautiful hardcover edition features seven original woodcut illustrations by Paul Gentry and includes a silk ribbon marker European style half round spine and full cloth case with two color foil stamping
