Once we get going we move through the cycle again and again as life presents us with new opportunities for healing ourselves and others The Healer s Way is the culmination of Earnie Larsen s thirty plus years as a counselor The seeds for the book were the questions of a young counselor How do you keep going What do you do when you can t make a difference What makes a healer The young man asked Larsen to be his mentor and some time later his stories clues questions and answers came together in this book Larsen writes In the beginning and in the end healing is about change The pages here are about one thing and one thing only the spiritual alchemy involved in the amazing grace process of personal transformation
