The Flytiers Companion:

The Flytier's Companion Mike Dawes, 2015-03-10 Newcomers to the wonderful world of fly tying should look no further than The Fly Tier's Manual for all their needs. Written by the incredibly talented Mike Dawes who has been tying flies and fishing in Hampshire for decades and runs International Fly, largely considered one of the best manufacturers of commercially tied flies in the world, this book is a must have for fly fishers of all skill levels. This is the perfect book for the novice with an interest in the deeper parts of the fishing world. Mike Dawes's book contains 300 line drawings, 200 color photographs and covers nearly 400 different varieties of fly patterns that include nymphs, dry flies, wet flies, lures and streamers. The Fly Tier's Manual also covers the basics of what materials you'll need, what equipment to buy and even the basics of how to fish with each of the ties that you'll tie. A perfect textbook for new students, a perfect activity for fathers and sons to do together, everything that an amateur needs to become a professional is covered in this book. Pair it with The Fly Tier's Companion for the ultimate expansive education in the proud tradition of fly fishing. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly casting, spin casting, deep sea fishing and surf fishing. Our books offer both practical advice on tackle, techniques, knots and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

and to authors whose work might not otherwise find a home **The Handbook of Fly Tying** Peter Gathercole, 2025-05-22

Widely acknowledged as a classic work on the subject *The Handbook of Fly Tying* is written by one of Britain's leading fly dressers and includes tChoice of equipment and materials tEssential preparatory techniques tIn depth instruction for tying tails ribbing hackles and wings tSuperb step by step colour photography **The Fly-Fisher's Companion** Darrel

Martin, 2014-11-18 This book grew from the author's desire to consolidate the many teachings that he uses in his popular fly fishing classes It is a textbook that includes concise and selective commentary on tackle casting tactics flies and fly tying and other related topics The word companion derives from one with whom we share our bread After more than fifty years of fly fishing the author would like to sit at the streamside and share these observations with readers Here is the knowledge and understanding that he wished he had when he began fly fishing While the handmade steel hooks horsehair lines and carefully crafted wooden loop rods have long given way to nylon and fluorocarbon leaders multipiece graphite rods and synthetic lines the fundamentals of the craft have remained basically the same In *The Fly Fisher's Companion* the author carefully goes through all the basics all within the context of modern fly fishing situations This companion may serve as a foundation or a supplement for fly fishing instruction It may also be a reminder or reference for the more experienced angler As a retired educator the author recognizes that instructors present material in different ways Instructors may wish to select only those topics that fit their syllabus while omitting others Over the years these instructions and commentary have produced a host of competent fly fishers We all learn by image word and action Since the sepia days of Walton and Cotton fly fishing has been an enthralling sport And as this companion hopefully makes clear there is more to fishing than fish There is an infinite amount of pleasure in learning a skill and doing it well Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home *The Youth's Companion* Nathaniel Willis, Daniel Sharp
