The Fortunate Sex:

The Stronger Sex James R. Nichols, 2011-04-18 *The Stronger Sex* a study of the women in the fiction of Lawrence Durrell argues that Lawrence Durrell envisioned a new woman self confident free of male domination and able to serve direct and protect her dependent man Durrell's modern twentieth century woman is the center of what Durrell envisions as the new couple woman dependent upon man for completion and man dependent upon the centrality of woman for the essential wisdom and direction and meaning in his life Far from being a mere follower of D H Lawrence as many have claimed Durrell came to insist that man must first cede to woman both the personal and social power and freedom which he has throughout history denied her Only in this way suggests Durrell can modern man both find himself and save himself and so discover and fulfill his own being Thus all of Durrell's women are the saviors of the lost men who must come to them for human completion From the women of the early works such as *Panic Spring* *The Pied Piper of Lovers* *The Black Book* and *The Dark Labyrinth* to the Justines Melissas and Cleas of the *Alexandria Quartet* the Benedictas and Iolanthes of *The Revolt of Aphrodite* the Constances and Livias of *The Avignon Quintet* and Cunegonde of *Caesar's Vast Ghost* all of Durrell's lost and ever inadequate men must ultimately find themselves and the meaning of their lives in the women who complete them Then paradoxically and only then can these same men provide the security direction and protection for which their women so desperately search Thus in the couple both man and woman are completed in their mutual dependence and final self discovery The study refers often to the works of previous biographers of Lawrence Durrell Ian MacNiven Richard Pine and Gordon Bowker

The Fortunate Sex Dorothy Evslin, 1972

Sex and the Eighteenth-Century Man Thomas Foster, 2007-09-01 With few exceptions sex is noticeably absent from popular histories chronicling colonial and Revolutionary America Moreover it is rarely associated specifically with early American men This is in part because sex and family have traditionally been associated with women while politics and business are the historic province of men But Thomas Foster turns this conventional view on its head Through the use of court records newspapers sermons and private papers from Massachusetts he vividly shows that sex the behaviors desires and identities associated with eroticism was a critical component of colonial understanding of the qualities considered befitting for a man *Sex and the Eighteenth Century Man* begins by examining how men as heads of households held ultimate responsibility for sex not only within their own marriages but also for the sexual behaviors of dependents and members of their households Foster then examines the ways sex solidified bonds in the community including commercial ties among men and how sex operated in courtship and social relations with women Starkly challenging current views about the development of sexuality in America the book details early understandings of sexual identity and locates a surprising number of stereotypes until now believed to have originated a century later among them the black rapist and the unmanly sodomite figures that serve to reinforce cultural norms of white male heterosexuality As this engrossing and surprising study shows we cannot understand manliness today or in our early

American past without coming to terms with the oft hidden relationship between sex and masculinity **The Heart of Tantric Sex** Diana Richardson,2010-05-11 One of the most revolutionary books on sexuality ever written Ruth Ostrow Sex Relationship and Spirituality journalist News Ltd After many years of exploration Diana Richardson found that the ancient practice of Tantra with its unique intelligent approach to sex had the effect of enhancing intimacy and deepening love Here she has adapted Tantra for modern Western lovers in a practical sympathetic way Tantric Sex can transform your experience into a more sensual loving and fulfilling one First published in 2003 the bestselling Heart of Tantric Sex has become the standard in its field **Sexuality, Gender and Power** Anna G. Jónasdóttir,Valerie Bryson,Kathleen B. Jones,2011 Including studies of the sexual self and sexual subjectivities socio political processes of normativization and social structures of sexuality and gender in national and transnational contexts this book offers a view of sexuality as a broad and complex dimension of historically changing social cultural and human material reality EBL **Sex and the City** Amy Sohn,2004-02-23 A fan s resource for the award winning cable television program features information about the show s actors producers costume designers and sets and provides summaries of each season and interviews with the cast **The Occult Novels of Dion Fortune** Georgia van Raalte,2025-01-28 This monograph explores the work of Dion Fortune one of the most prolific British occult authors of the interwar period and her claim that her books had an initiatory quality She held that reading her books and meditating on their contents could produce a lasting change in consciousness which in turn could lead to lasting changes in an individual s life This book aims to rehabilitate a figure largely forgotten by both the fields of Literature and of Esotericism and proposes a framework for analysing initiatory fiction and the experience of fictional initiation The study presents a new avenue for research and theoretical perspective on literary texts from the Occult Revival as well as on famed modernist texts and more contemporary occult fiction *In Praise of One-Night Stand an Old Philosopher's Sexual Memoir* K.T. Fann,2021-11-16 One book that s been lurking in the back of my mind for a long time is a book about sex You see about forty years ago while I was going through a painful divorce I decided to teach a course called Philosophy of Sex at my university My other favorite philosopher Wittgenstein once said to his student What is the use of studying philosophy if all that does for you is to enable you to talk with some plausibility about some abstruse questions of logic etc and if it does not improve your thinking about the important questions of everyday life Other than the food is there anything more significant to everyday life than sex Yet philosophers rarely discuss sex as a philosophical topic I tried to apply my philosophical skills to help myself think clearly about the male female relationships while living them Over the years I have formed my own philosophy of sex and seriously contemplated writing a philosophical book following my course outline with the title Thinking About Sex But such a book would be too didactic and boring My recent writings convinced me that I write best when I let my thoughts range freely and do not try to organize them into a set form So there won t be a table of contents or chapter divisions in this book What follows are my sexual reminiscences interjected with my philosophizing about

them The events described are real and the persons involved are real but with names changed Some parts of it may sound to some people like pornography but it is actually a philosophy book A great contemporary philosopher Noam Chomsky said The job of a philosopher is to tell the truth and to expose lies That s what I am trying to do Another great philosopher Karl Marx said Philosophers hitherto have only interpreted the world in various ways the point however is to change it I am also trying to do that This is not just a memoir but I meant it to be a subversive track I wish to subvert the status quo of our sexual mores In fact I meant this to be a Manifesto of Sexual Liberation The New Male Sexuality Bernie Zilbergeld,1999-07-06

The New Male Sexuality addresses the most urgent questions of men today and of the women who love them Bernie Zilbergeld reports findings from his twenty years as a psychologist specializing in human sexuality as well as those other experts in the field and shares his own and his clients experiences the result is the most comprehensive guide ever to enhancing desire and arousal focusing on pleasure rather than performance and keeping sex exciting and fulfilling Clear comprehensive witty and refreshingly realistic The New Male Sexuality is destined to be a classic of the nineties and beyond

The Fortunate Mistress Daniel Defoe,1924 Defoe s last and darkest novel is the autobiography of a woman who has traded her virtue at first for survival and then for fame and fortune Its narrator tells the story of her own wicked life as the mistress of rich and powerful men A resourceful adventuress she is also an unforgiving analyst of her own susceptibilities who tells us of the price she pays for her successes Endowed with many seductive skills she is herself seduced by money by dreams of rank and by the illusion that she can escape her own past Unlike Defoe s other penitent anti heroes however she fails to triumph over these weaknesses Roxana s fame lies not only in the heroine s vast variety of fortunes but in her attempts to understand the sometimes bitter lessons of her life as a Fortunate Mistress Defoe s achievement was to invent in Roxana a gripping story teller as well as a gripping story
