Traditions Randall Studstill,2018-08-14 This book argues that mystical doctrines and practices initiate parallel
transformative processes in the consciousness of mystics This thesis is supported through a comparative analysis of Tibetan
Buddhist Dzogchen rdzogs chen and the medieval German mysticism of Eckhart Suso and Tauler These traditions are
interpreted using a system cybernetic model of consciousness This model provides a theoretical framework for assessing the
cognitive effects of mystical doctrines and practices and showing how different doctrines and practices may nevertheless
initiate common transformative processes This systems approach contributes to current philosophical discourse on mysticism
by 1 making possible a precise analysis of the cognitive effects of mystical doctrines and practices and 2 reconciling mystical
heterogeneity with the essential unity of mystical traditions *The Four-themed Precious Garland* Long-ch'en Rab-jam-pa

transmission His written works are also famous for being able to transfer true blessings just by reading or hearing his
enlightened words A lyrical introduction by Venerable Yangthang Tulku Rinpoche on the significance of Longchenpa and the
importance of his birth and teachings an essay by the late Khenpo Shenga 1871 1927 In Praise of Longchenpa plentiful
