Mack Reynolds

The Fracas Factor:

The Fracas Factor Mack Reynolds,1983 **Paradox Gained** Mack Reynolds,2011-05-23 DON T TRY TO FIGURE A FINAL ANSWER TO THIS ONE PHILOSOPHERS HAVE TRIED FOR AGES AND HAVE FAILED Excerpt The closet in Benjamin Farlan s two room bachelor apartment wasn t particularly large In fact it measured three feet wide by four feet deep And by no stretch of the imagination could it have held three full grown men Not as full grown as these were Besides that the closet was already chock full of clothes half a dozen pair of shoes and two suitcases It happened about seven thirty Ben Farlan had finished an unsatisfactory day at the laboratory had his dinner at the automat and picked up a fifth of brandy on the way home Little Ben Farlan liked brandy He liked to sit at night in his hundred and fifty dollar chair and read something not too technical but not too light and have a snifter glass of brandy on the coffee table next to him On nights when he had nothing on his mind he could sit for hours that way get through a whole book and possibly a third of his bottle before it was time for bed This wasn t one of the nights when he had nothing on his mind Things were getting on the chaotic side at the lab Already he had enough work on his shoulders for three men and now the Army was taking young Robertson Now it was Robertson They let a man take eight long years of schooling eight years of work to become a scientist preparatory to assuming a useful place in society and then what happens They slap him into the Infantry for what would probably be an indefinite period the world situation being what it was Ben had gone through three ounces of brandy and was pouring himself another glass That was when the closet door opened and a six footer who must have weighed at least two hundred and twenty pounds stepped into the room He was wearing a uniform that wouldn t have been out of place on a Guatemalan Rear Admiral and he didn t look particularly friendly Not half an hour earlier Ben Farlan had hung his coat in that closet and since then he hadn t left the room He blinked reproachfully through his thick lenses at his brandy glass The newcomer took him in with one sweep of his eyes then strode quickly to the bedroom opened its door and gave a quick look around inside Hey Ben protested Another six footer cut in the same model as the first stepped from the closet This was really out of the question You couldn t have got the two of them in there with a shoehorn But that didn t prevent a third one from pressing after the second While the third brute was giving the room the onceover the second headed for the bathroom and gave it a quick glance They evidently wanted to be sure Ben Farlan was alone The first had meantime checked the tiny kitchenette Ben Farlan let loose with another weak Hey *Of Godlike Power* Mack Reynolds,2011-09-29 His words alone could change the world completely and irrevocably His words alone DID change the world Was it mass hypnosis a hex or THE POWER

I. Q. Mack Reynolds,2011-05-09 In a time when teaching machines and batteries of educational tests seem to be determining the intellectual nobility of the next generation this story has meaning for all of us **The Rival Rigelians** Mack Reynolds,2011-09-29 The team from Earth had the task of raising backward planets to the home world s high level The situation on Rigel was this The most advanced culture on Rigel s first planet is to be compared to the Italian cities during

Europe's feudalistic yeas The most advanced of the second planet is comparable to the Aztecs at the time of the Spanish conquest These planets are in your control to the extent that no small group has ever dominated millions before No Caesar ever exerted the power that will be in your collective hands For half a century you will be as gods and goddesses But the Rigelians were themselves descended from the lost colonists of old Earth and they could learn their lessons as fast as they could be taught In fact they could even teach their teachers a thing or two And therein lay the peril the professors from space never dreamed of

Rolltown Mack Reynolds, 2017-03-29 In Rolltown Mack Reynolds turns his productive imagination towards the growing phenomenon of mobile living in America Taking us decades into the future he tells the story of a world where people have taken to the road en masse in huge mobile towns composed of hundreds or even thousands of inhabitants attempting to deal with a hostile and over organized world

Towers of Utopia Mack Reynolds, 2017-03-29 The enemy has no face It does not show on the scanners It avoids the world's most sophisticated surveillance system But it leaves a wake of profitless crime and motiveless murder and puts the future of mankind's paradise on earth in peril

The Cosmic Eye Mack Reynolds, 2020-01-23 Morris should have functioned perfectly in the rigid totalitarian society of the future where every thought every word every action was controlled by the superstate A state where everyone was watched night and day by the Great Eye of the internal security forces It was a strange in many ways inhuman world but the rewards were great for those who belonged to the right caste Morris belonged to the master class which ruled the entire world by brain power or brutality depending on which was needed Morris was born right at the top he had everything the Technate Society could provide and yet he didn't belong Nonconformity could mean liquidation but he was prepared to take the risk

Dawnman Planet Mack Reynolds, 2012-12-14 Ron Bronston was sworn to protect the United Planets dream the pursuit of freedom and progress on all of the 3000 human inhabited planets of the galaxy As an operative of the secret section of the United Planets Bureau of Investigation Bronston was called upon for some very unusual missions But the present crisis was without precedent Man's sovereignty in his galaxy was challenged by a single madman and the super weapons of the Dawnmen the mysterious aliens from the unexplored vastness of the galaxy's center Bronston alone had to find a way to stop them

Mercenary from Tomorrow Mack Reynolds, 2020-01-23 Western society is split up into nine castes from Lower Lower to Mid Lower all the way up to the privileged Upper Upper Mauser himself was born a Mid Lower Ambitious he had chosen one of the few professions Category Military where upward mobility was still a reasonable possibility To prevent any chance of a ruinous war between the West and the Sov world the Universal Disarmament Pact had restricted all militaries to pre 1900 technology Gradually powerful corporations began settling business disputes by hiring troops to fight real battles fracas on one of many military reservations This served a dual purpose to maintain a military well honed by actual combat and to provide the decadent general population with a diversion The life and death struggles are so popular that they are televised Mauser had worked his way up to captain and Middle Middle status after many years of effort When upstart Vacuum Tube Transport finds itself

forced into an expensive division sized fracas with Continental Hovercraft he sees his opportunity He signs up with the underdog even though the much wealthier Continental is able to hire the best soldiers available including Marshal Stonewall Cogswell the finest commander in the business Mauser tells Baron Haer the head of Vacuum Tube that he can engineer an improbable victory with a gimmick he has been working on for a long time in return he expects the baron s support which in conjunction with his anticipated popularity with fracas fans should be enough to get him promoted into the Upper caste The baron s son Bart scoffs at the undisclosed idea but the baron is desperate for experienced officers and hires him

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **The Fracas Factor**

In a global inundated with screens and the cacophony of instantaneous transmission, the profound energy and psychological resonance of verbal artistry usually diminish into obscurity, eclipsed by the constant assault of noise and distractions. However, situated within the musical pages of **The Fracas Factor**, a fascinating perform of literary brilliance that pulses with natural thoughts, lies an unique trip waiting to be embarked upon. Written by a virtuoso wordsmith, this magical opus instructions visitors on a mental odyssey, lightly exposing the latent possible and profound influence stuck within the elaborate internet of language. Within the heart-wrenching expanse of this evocative evaluation, we shall embark upon an introspective exploration of the book is central styles, dissect its charming writing style, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
