years of fighting the Slugs mankind's reunited planets control the vital crossroad that secures their uneasy union The doomsday weapon that can end the war and the mighty fleet that will carry it to the Slug homeworld lie within humanity's grasp Since the Slug Blitz orphaned Jason Wander he has risen from infantry recruit to commander of Earth's garrisons on the emerging allied planets But four decades of service have cost Jason not just his friends and family but his innocence When an enemy counter stroke threatens to reverse the war and destroy mankind Jason must finally confront not only his lifelong alien enemy but the reality of what a lifetime as a soldier has made him *The Orphan Carpenter* Kenneth Ian McQuarrie, 2022-08-29 My God My God why have you forsaken me Have you ever wondered where God is How can this be happening What did I do to deserve this Have your circumstances led you to question your faith Does God care Does he even exist Thoughts flooded my head from our traumatic failed adoption Lord where were you this time Is this how our seven year long journey to have children ends Are we being punished Are we cursed This adoption seemed so right I thought I was ready I really thought I could help these kids After all I started life as an Orphan My core beliefs had been shaken To make sense of what just happened I went back and examined my own life So many times the odds were heavily stacked against me life and death situations Yet somehow somehow God always showed up From orphan to carpenter and beyond the pages of this book are my life stories But the book is not about me or my story It's about God's As you read these true stories of my life like parables may they be a testament that God is present and active in your life that he loves you and has a plan to give you hope and a future *Opium's Orphans* P. E. Caquet, 2022-07-06 Upending all we know about the war on drugs a history of the anti narcotics movement's origins evolution and questionable effectiveness *Opium's Orphans* is the first full history of drug prohibition and the war on drugs A no holds barred but balanced account it shows that drug suppression was born of historical accident not rational design The war on drugs did not originate in Europe or the United States and even less with President Nixon but in China Two Opium Wars followed by Western attempts to atone for them gave birth to an anti narcotics order that has come to span the globe But has the war on drugs succeeded As opioid deaths and cartel violence run rampant contestation becomes more vocal and marijuana is slated for legalization *Opium's Orphans* proposes that it is time to go back to the drawing board
