Sarah is like any other woman with hopes and dreams until an accident takes away her husband but leaves her with a disability Trying to live life the best she can she picks up the pieces and start over Her existence becomes a little less mundane when two men enter her sights during different stages of her life One a man of mystery who waltzes in and out of her life but stays in her heart The second from fiction come reality who doesn't hide his feelings for her but could mean the death of her Both vastly different yet both predators and she is attracted to both However each of the men bring their own challenges into her life and to her beliefs If she survives those challenges whom will she choose as each in their own ways bring changes in degrees
