The Haunted Screen Lee Kovacs, 2005-11-21 While ghosts often inhabit films and literature devoted to the horror genre a group of literature based films from the 1930s and 1940s presents more human and romantic apparitions These films provide the underpinnings for many of the gentle supernatural films of the 1990s Tracing the links between specters as diverse as Rex Harrison's Captain Gregg and Patrick Swazye's Sam Wheat the text presents the evolution of the cinematic literary ghost from classic Gothic to the psychological sociological and political ideologies of today Included are analyses of the literary and film versions of classic ghost stories *Wuthering Heights* *The Ghost and Mrs Muir* *Portrait of Jennie* *Letter from an Unknown Woman* *The Uninvited* *Liliom* and *Our Town* as well as interpretations of modern films not based on literary works that show the influence of these predecessors *Ghost* and *Truly Madly Deeply* The text includes stills a bibliography and an index

Portrait Stories Michal Peled Ginsburg, 2014-12-15 What makes stories about portraits so gripping and unsettling *Portrait Stories* argues that it is the ways they problematize the relation between subjectivity and representation Through close readings of short stories and novellas by Poe James Hoffmann Gautier Nerval Balzac Kleist Hardy Wilde Storm Sand and Gogol the author shows how the subjectivities of sitter painter and viewer are produced in relation to representations shaped by particular interests and power relations often determined by gender as well as by class She focuses on the power that can accrue to the painter from the act of representation often at the expense of the portrait's subject while also exploring how and why this act may threaten the portrait painter's sense of self Analyzing the viewer's relation to the portrait she demonstrates how portrait stories problematize the very act of seeing and with it the way

Williams,2016-11-11 Susan Williams recovers the literary and cultural significance of early photography in an important rereading of American fiction in the decades preceding the Civil War The rise of photography occurred simultaneously with the rapid expansion of magazine publication in America and Williams analyzes the particular role that periodicals such as Godey s Lady s Book Burton s Gentleman s Magazine and Atkinson s Casket played in defining how photography was received At the center of the book are readings of a stunning array of fiction by forgotten and canonical writers alike including Edgar Allan Poe Louisa May Alcott and Sarah Hale as well as extended interpretations of Nathaniel Hawthorne s House of the Seven Gables and The Marble Faun and Herman Melville s Pierre In a concluding section Williams offers a view of the fictional portrait in the later nineteenth century when the proliferation of illustrated books once again transformed the relation between word and image in American culture

Portraits of Resistance Jennifer Van Horn,2022-01-01 A highly original history of American portraiture that places the experiences of enslaved people at its center This timely and eloquent book tells a new history of American art how enslaved people mobilized portraiture for acts of defiance Revisiting the origins of portrait painting in the United States Jennifer Van Horn reveals how mythologies of whiteness and of nation building erased the aesthetic production of enslaved Americans of African descent and obscured the portrait s importance as a site of resistance Moving from the wharves of colonial Rhode Island to antebellum Louisiana plantations to South Carolina townhouses during the Civil War the book illuminates how enslaved people s relationships with portraits also shaped the trajectory of African American art post emancipation Van Horn asserts that Black creativity subjecthood viewership and iconoclasm constituted instances of everyday rebellion against systemic oppression Portraits of Resistance is not only a significant intervention in the fields of American art and history but also an important contribution to the reexamination of racial constructs on which American culture was built
