

A photograph of a sunset over a body of water. In the foreground, there are tall, thin reeds with feathery heads. The sun is a bright, glowing orb in the center of the frame, partially obscured by the reeds. The sky is a mix of orange, yellow, and blue. The water reflects the colors of the sky and the sun. In the background, there is a dark silhouette of a forest.

Slava Bogu Za Vse:

The Heart of Russia Scott Mark Kenworthy, 2010-10-08 In the 1830s and 1840s increasing numbers of Russians renounced the modernized secularized Westernized Russia created by Peter the Great in an effort to revive alternative lifestyles based on Orthodox spirituality and values This effort found expression in a revival of monasticism that began in the era of Nicholas I and would last for the duration of the imperial period brought to an end only by the cataclysm of revolution and repression of the new Bolshevik regime Suppressed by the communists Russian monasticism experienced another revival in the post World War II era and again in the post Soviet period demonstrating that the impulse to renounce the contemporary world for the cloister is a central pattern of Russian religiosity This book is the first comprehensive analysis of these monastic revivals presenting a fundamentally new picture of religion in modern Russia Scott Kenworthy's approach is that of a contextualized microhistory an in depth study of one monastic complex framed within research on monasticism more broadly The case study here is Russia's largest and most famous monastery the Trinity Sergius Lavra in Sergiev Posad near Moscow With the collapse of the Soviet Union the Russian Orthodox Church is again experiencing a revival and monasticism is playing a central role in this resurgence In the search to recover the past Russian Orthodox are turning to the nineteenth century revival as a normative model Numerous Russians are once again renouncing the contemporary world in this case both the socialist past and the post socialist capitalist present and opting for a mode of life that represents a return to past values Monasteries are again foci of popular piety as well as of important publishing activities and their spirituality is regarded as the purest expression of Orthodox ideals This book provides an essential basis for understanding Orthodoxy in its historical context and its contemporary manifestations

Fault Lines in the Orthodox World Sebastian Rimestad, Emil Hilton Saggau, 2025-03-06 Throughout the past years the Orthodox world has seen numerous political and theological confrontations New borders have been shaped by churches and states This only increased in light of the Russian backed conflict in Ukraine from 2014 and onwards which has led to new theological lines of thinking geopolitical confrontations and an acute need for diplomatic handling of crisis At the centre is the Russian Orthodox Church's global role and its effects in Ukraine The confrontations are born out of a complex entanglement of church politics theological differences legal tensions national allegiances and the very concrete political and military clashes between nation states In light of the war in Ukraine Global Orthodoxy has seen new fault lines in the making This volume gathers chapters that shed light on these entanglements and their political theological and geopolitical consequences The book is not limited to the Russian Ukrainian conflict but also includes papers focusing on other nations churches and aspects theological theoretical geopolitical empirical etc

Maximilian Voloshin's Poetic Legacy and the Post-Soviet Russian Identity M. Landa, 2015-06-10 Famed and outspoken Russian poet Maximilian Voloshin's notoriety has grown steadily since his slow release from Soviet censorship For the first time Landa showcases his vast poetic contributions proving his words to be an overlooked solution both to the political and
