Latour, 1999-06-30 A scientist friend asked Bruno Latour point blank Do you believe in reality Taken aback by this strange query Latour offers his meticulous response in Pandora's Hope It is a remarkable argument for understanding the reality of science in practical terms In this book Latour identified by Richard Rorty as the new bête noire of the science worshipers gives us his most philosophically informed book since Science in Action Through case studies of scientists in the Amazon analyzing soil and in Pasteur's lab studying the fermentation of lactic acid he shows us the myriad steps by which events in the material world are transformed into items of scientific knowledge Through many examples in the world of technology we see how the material and human worlds come together and are reciprocally transformed in this process Why Latour asks did the idea of an independent reality free of human interaction emerge in the first place His answer to this question harking back to the debates between Might and Right narrated by Plato points to the real stakes in the so called science wars the perplexed submission of ordinary people before the warring forces of claimants to the ultimate truth **Introducing**

**The Coldest Blood** Jim Kelly, 2007-01-09 A man lies hidden in an abandoned boat. Stifling his own screams, he draws a knife across his arm, letting the blood flow free. Soon he'll be dead and life can begin again. Three decades later, small-town newspaper reporter Philip Dryden is experiencing a cold, bitter Christmas on the Fens. Dryden's wife Laura is emerging from years in a coma, unsure if she wants to go on living. Meanwhile, people are freezing to death among them. Declan McIlroy, a 39-year-old loner, found dead in his flat with the windows thrown open. The police rule the death a suicide, but Dryden has his doubts, especially when he finds the body of Declan's best friend Joe frozen within a shell of ice on the doorstep of his secluded farmhouse. At the same time, Dryden is investigating allegations of abuse laid against a Catholic orphanage, a touchy subject due to his own Catholic upbringing. The incidents seem unrelated until Dryden discovers that Declan was one of the victims. Could his death have been part of a cover-up? Soon Dryden is picking his way along a disturbing trail of cruelty and betrayal to a brilliantly executed crime and to a chilling half-remembered mystery from his own childhood.
