Writers, Writing on Conflict and Wars in Africa Okey Ndibe, 2009-07-30 Many African countries are caught up in perennial or recurrent political conflicts that often culminate in devastating wars These flaring conflicts and wars create harrowing economic hardships dire refugee problems and sustain a sense of despair in such countries By their nature these conflicts and wars affect writers in profound and sometimes paradoxical ways On the one hand literature whether fiction poetry drama or even memoirs is animated by conflict On the other hand the sense of dislocation as well as the humanitarian crises unleashed by wars and other kinds of conflicts also constitute grave impediments to artistic exploration and literary expression Writers and artists are frequently in the frontline of resistance to the kinds of injustices and abuses that precipitate wars and conflicts Consequently they are often detained exiled and even killed either by agents of state terror or by one faction or another in the tussle for state control *Writers Writing Conflicts and Wars in Africa* is a collection of testimonies by various writers and

scholars who have experienced or explored the continent's conflicts and woes including how the disruptions shape artistic and literary production The book is divided into two broad categories in one several writers speak directly and with rich anecdotal details about the impact wars and conflicts have had in the formation of their experience and work in the second a number of scholars articulate how particular writers have assimilated the horrors of wars and conflicts in their literary creations The result is an invaluable harvest of reflections and perspectives that open the window into an essential but until now sadly unexplored facet of the cultural and political experience of African writers The broad scope of this collection covering Darfur the Congolese crisis Biafra Zimbabwe South Africa among others is complemented by a certain buoyancy of spirit that runs through most of the essays and anecdotes **New Wars for Old** John Haynes Holmes, 1916 **Indian**

Wars of New England: The land of the Abenake. The French occupation. King Philip's war. St. Castin's war Herbert Milton Sylvester, 1910 **Damn Slavers!** Robert James Warner, 2006-09 The History of the Sea Lake and River Battles of the Civil War is an expose a denunciation a condemnation of the lies the distortions the deceits the misrepresentations and the slanders of the biased civil war historians the biased movie makers and the biased makers of TV Specials who write distorted books distorted movies and make distorted TV Specials about the civil war For example President Grant is slandered as the butcher of the civil war when the real butcher is the traitor Robert E Lee by an actual count of the men he killed in the battles he fought Another example is the big lie that the Monitor and Merrimac battle was a draw when it was a clear cut victory for the Monitor There are two classes of people in The Damn Slavers The people in the 22 Loyal states and in the 11 traitor states the Loyalists the victims and the people in the 11 traitor states and in the 22 Loyal states the traitors the villains One of the biggest vile lies of the civil war is the depraved lie the traitors won most of the battles The author counted hundreds of the bigger land battles and the sea lake and river battles This battle count is what Damn Slavers is all about Surprise Surprise The Loyalists won most of the bigger land battles of the civil war by a ratio of about 2 to 1 from the start of the civil war and won most of the sea lake and river battles too by an overwhelming margin If you want to learn some real truths about the civil war read Damn Slavers A History of the Sea Lake and River Battles of the Civil War **The Church of England and the First World War** Alan Wilkinson, 2014-01-30 The Church of England and the First World War first published in 1978 explores in depth the role of the church during the tragic circumstances of the First World War using biographies newspapers magazines letters poetry and other sources in a balanced evaluation The myth that the war was fought by lions led by donkeys powerfully endures turning heroes into victims Alan Wilkinson demonstrates the sheer horror moral ambiguity and the interaction between religion the church and war with a scholarly and yet poetic hand The author creates a vivid image of the church and society includes views of the Free Churches and Roman Catholics portrays the pastoral problems and challenges to faith presented by war and the pressures for reform of church and society The Church of England and the First World War is written with compelling compassion and great historical understanding making the book hard to
