The NEW YOGA - TANTRA REBORN (the SENSUALITY and SEXUALITY of OUR IMMORTAL SOUL BODY) Peter Wilberg, 2007 What would it be like to know that you are indeed immortal that your physical body is but the outward form taken by your own eternal inner form or soul body What would it be like to dissolve the bodily boundaries that seem to separate you from the souls of others learning to feel your soul in their body and their soul in yours What would it be like to see and feel your partner as the embodiment of a god or goddess and to experience the bliss of soul body sex an intensely sensual intimacy and intercourse with their divine soul body The New Yoga is a yoga of the soul body that body with which we can intimately sense feel and touch others independently of physical contact The New Yoga is also Tantra Reborn giving rebirth to the tantric tradition known as Kashmir Shaivism through a wholly new understanding of its sexual symbolism and of tantric sex seen not merely as a heightening or spiritual elevation of bodily sex but as an expression of the sublime sensuality and divine sexuality of the soul and its body Tantra Reborn explains in detail the anatomy nature and powers of the soul body its relation to gender and sexuality to tantric initiation and to the traditional tantric symbolism of Shiva Shakti and Kundalini It also offers a practical guide to experiencing the bliss of soul body intercourse through new and original forms of tantric pair and partner meditation

The Power of Tantra Hugh B. Urban, 2009-10-30 In the West the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock For European colonizers Orientalist scholars and Christian missionaries of the Victorian era Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so called Indian mind a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism Yet for most contemporary New Age and popular writers Tantra is celebrated as a much needed affirmation of physical pleasure and sex indeed as a cult of ecstasy to counter the perceived hypocritical prudery of many Westerners In recent years Tantra has become the focus of a still larger cultural and political debate In the eyes of many Hindus much of the western literature on Tantra represents a form of neo colonialism which continues to portray India as an exotic erotic hyper sexualized Orient Which then is the real Tantra Focusing on one of the oldest and most important Tantric traditions based in Assam northeast India Hugh B Urban shows that Tantra is less about optimal sexual pleasure than

about harnessing the divine power of the goddess that flows alike through the cosmos the human body and political society In a fresh and vital contribution to the field the author suggests that the real meaning of Tantra lies in helping us rethink not just the history of Indian religions but also our own modern obsessions with power sex and the invidious legacies of cultural imperialism
