Bley, Dennis C. Haugh, 2009-06-15 The Gospels And Christian Life reads the four canonical Gospels as handbooks for religious formation through communal practices The book focuses on the communities that produced each gospel the dynamic energy each gospel displays for creating and sustaining community life the different interpretations of the person of Jesus and the different systems of organization and leadership each gospel promulgated The authors carefully describe the social context of each Gospel and delineate the practices the texts prescribe Each gospel has an imaginative portal an introductory chapter introducing the necessary background for understanding the social intellectual and religious setting for each gospel Their

reading of each Gospel builds on these foundations to illustrate the nature and scope of the community's practices. Their work starts from the assumption that the communities did not look to the Gospels for biographical data on the life of Jesus to offer the reader a powerful reading of each Gospel community its unique practices and the way people were trained to become members of it. This book is aimed at undergraduate and graduate teachers and students, pastors and the general audience eager for new ways to understand the New Testament. The Parables of Jesus Arland J. Hultgren, 2000-06-22

Outlines the parables of Jesus and discusses how each of the parables can be taught and preached. The Parables of Jesus Richard Gribble, 1998. Narrative or story preaching has called attention to Jesus' parables since many of those parables are stories. Is there a preacher especially one who uses the lectionary who does not preach on a parable from time to time? This book conducts an exegesis of scripture, provides context for each passage, suggests contemporary applications with questions that challenge and gives preachers sample openings for the composition of a sermon homily. Richard Gribble, CSC, the author of six books and over 100 articles, is an assistant professor of history at Stonehill College in North Easton, Massachusetts. He has earned degrees from the United States Naval Academy, the University of Southern California, and the Jesuit School of Theology at Berkeley. In 1995, he earned his Ph.D. from The Catholic University of America. A Roman Catholic priest, Gribble served at St. John Vianney Parish in Goodyear, Arizona, from 1988 through 1991. **What Did Jesus Teach?** James

Wiggins, 2010. Parables are the main method Jesus used to convey deep spiritual truths to His listeners then and His readers today. The question is, do we really understand what He meant? Have you ever read through some of the stories Jesus told and thought, "What does that mean?" Have you ever wished you could understand the symbolism Jesus used or know what the real message was of Jesus' lessons? **What Did Jesus Teach?** can help you understand these questions and many more. Prepare to use this as an aid to your Bible study and to gain additional insight into Jesus' parables. It can help you come to a deeper understanding of what Jesus wanted you to know and how to apply it to your everyday life. **The Parables of Jesus**

Christ: Eric Brandon Roberts, 2012-07-11. **The Parables of Jesus Christ: A Brief Analysis** is an in-depth look at Christ's teachings through Parables. Approximately one-third of the words spoken by Christ in the New Testament come in the form of parables. This book attempts to relate those parables for modern readers. *Post-metaphysics and the Paradoxical Teachings of Jesus* Cameron Freeman, 2010. *Post-Metaphysics and the Paradoxical Teachings of Jesus: The Structure of the Real* uncovers the authentic voice/print of Jesus' teachings on the Kingdom of God and thereby outlines a new approach to theological language after the end of metaphysics. By showing that the paradoxical deep structure of Jesus' most radical teachings survives the Death of God and the deconstruction of metaphysics in twentieth-century continental philosophy, this book aims to reconstruct the original teachings of Jesus in a way that can begin a new conversation on what it means to be a Christian in a post-Christian world while drawing on a remarkable range of supporting material, including John D. Caputo's award-winning theological appropriation of Derrida's deconstruction, the pioneering work of John Dominic Crossan on the parables
