The New Creation José María González Ruiz, 1976 **The New Creation** Jose M. Gonzalez Ruiz, *The new creation* José M. González Ruiz, 1976 **The Good Work of Non-Christians, Empowerment, and the New Creation** Stuart C. Weir, 2016-04-25 Have you ever considered the ultimate purposes and consequences of good work performed by non Christians Have you ever theologically considered the work of non Christians at all Is it possible that God would ever give credence to let alone honor the work of non Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace protology with eschatology in a theology of work about non Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous **Seeking the Common Ground** Philip L. Wickeri, 2011-08-05 This is the most comprehensive treatment ever written of the history of the Protestant Church in China over the last forty years Philip Wickeri takes an unprecedented look at one of the most turbulent periods in Chinese history the years from 1949 to the present Wickeri explicates what Chinese Protestants have been saying about themselves in historical and theological perspective His interpretation is based on one particular dynamic how Chinese Protestants have sought to situate themselves in a socialist society within the unifying framework of the united front After an overview of church Marxism and Christianity in China Wickeri discusses the united front He focuses on ideology organization and religious policy Wickeri then explores the Three Self Movement as both a Chinese and a Christian movement His conclusion the Three Self Movement despite problems has made Christianity more accessible to the average Chinese and the church more acceptable to Chinese society **Will it Liberate ?** Michael Novak, 1991-06-19 Michael Novak's work is challenging We often disagree sharply in our interpretations and assessments of liberation theology but he raises important issues which call for clarification and response *Certification Concerning Military Aid to El Salvador* United States. Congress. Senate. Committee on Foreign Relations, 1982 *Faith in Christ Today Invitation to Systematic Theology* Klaus Nurnberger, 2016-06-29 In Volume I the author analyses the Word of God and the response of the Christian community in a lucid and accessible way In this second volume he interprets the classical assertions of the Christian faith in terms of God's creative and redemptive project in the world of today His experiential approach is meant to restore the credibility vibrancy and relevance of faith in Christ for our times *Varieties of Christian-Marxist Dialogue* Paul Mojzes, 1978 *Marx and the*
