The Power of the Unconscious Rogene A. Buchholz,2022-07-12 By the time I graduated from high school I had so many things buried and tucked away so much anger rage hatred fear sorrow grief and pain that I could not dare to get close to anyone including myself as I could not tap into my emotional and intellectual potential As the years went on I had to build armor plating around these feelings as if they ever got out I would be overwhelmed and I do not know what would have happened to me So they stayed buried but that doesn't mean they did not influence my behavior These feelings produced some completely unconscious motivations that affected my decision making if you can call it that regarding career and marriage The problem was that I kept making decisions and pursuing fantasies that did not work in my best interests and thus I was mired in a life that had reached its end when I was almost 40 years old Something had to change and I eventually sought out psychotherapy that brought those feelings to the surface and the unconscious motivations that went with them and only then did I have the capacity to make decisions about a career that I made something of a success of and married a person for love rather than some other neurotic reason It took three years of therapy on two different occasions to get this all out and deal with those feelings that I thought I had buried but in reality were determining the decisions I was making The power of the unconscious is real and is not something to be ignored This this book is my story of how I came to have all these buried feelings and fantasies and how eventually I was able to bring them to the surface and lead something of a normal life Hopefully this story might inspire others who feel they are at a dead end in their lives and can't seem to make decisions that work for them While I am not a professional in the area and thus can't give a professional opinion about people's psychological health it also is hard for me to believe that my experience can be all that unique It may be that others too are under the power of the unconscious and have buried feelings that therapy can help uncover and give them greater degrees of freedom over their lives If this book can help even one person to experience a more fulfilled and rewarding life it will have been worth writing      **American Book Publishing Record** ,2003      *DK Eyewitness Travel Guide: Southwest USA & Las Vegas* DK Publishing,2010-09-01 The DK Eyewitness Southwest USA and Las Vegas travel guide will lead you straight to the best attractions the region has to offer Whether you're taking in the views at the Grand Canyon gambling in Las Vegas or enjoying the hot pools at Jemez Springs this guide provides all the insider tips every visitor needs with comprehensive listings of the best hotels restaurants shops and nightlife for all budgets It's fully illustrated and covers all the major areas from Utah Santa Fe and Albuquerque to Phoenix Las Vegas and Arizona You'll find 3D cutaways and floorplans of all the must see sites there's even a cutaway to show the geology of the Grand Canyon plus reliable information for getting around this diverse region Exploring the culture history and architecture not missing the best in entertainment shopping tours and scenic walks DK Eyewitness Southwest USA and Las Vegas is your essential companion DK Eyewitness Southwest USA and
