The Sociology of Slavery Orlando Patterson, 2022-04-27 Orlando Patterson's classic study of slavery in Jamaica reveals slavery for what it was a highly repressive and destructive system of human exploitation which disregarded and distorted almost all of the basic prerequisites of normal social life What distinguishes Patterson's account is his detailed description of the lives and culture of slaves under this repressive regime He analyses the conditions of slave life and work on the plantations the psychological life of slaves and the patterns and meanings of life and death He shows that the real life situation of slaves and enslavers involved a complete breakdown of all major social institutions including the family gender relations religion trust and morality And yet despite the repressiveness and protracted genocide of the regime slaves maintained some space of their own and their forced adjustment to white norms did not mean that they accepted them Slave culture was characterized by a persistent sense of resentment and injustice which underpinned the day to day resistance and large scale rebellions that were a constant feature of slave society the last and greatest of which partly accounts for its abolition This second edition includes a new introduction by Orlando Patterson which explains the origins of the book appraises subsequent works on Jamaican slavery and reflects on its enduring relevance Widely recognized as a foundational work on the social institution of slavery this book is an essential text for anyone interested in the role of slavery in shaping the modern world

Writing the History of Global Slavery Trevor Burnard, 2023-11-29 This Element shows that existing models of global

slavery derived from sociology and modelled closely on antebellum American slavery being normative should be replaced a global slavery that is less American and more global It argues that we can understand the global history of slavery if we connect it more closely to another important world institution empires in ways that historicise the study of history as an institution with a history that changes over time and space Moreover we can learn from scholars of modern slavery and use more than we do the enormous proliferation of usable sources about the lives experiences and thoughts of the enslaved from ancient to modern times to make these voices of the enslaved crucial drivers of how we conceptualise and describe the varied kinds of global slavery in world history This title is also available as Open Access on Cambridge Core [What is a Slave Society?](#) Noel Emmanuel Lenski, Catherine M. Created in Their Image Winelle J. Kirton-Roberts, 2015-03-30 Every denomination entered the Caribbean with a mission While the general motivation was to convert the population to Christianity the accompanying practices were undoubtedly intended to civilise and westernise The Moravians and Methodists were the first two evangelical Protestant missions that brought the gospel to the enslaved Africans in the Caribbean When emancipation was granted to the enslaved Africans by the British government in 1834 the newly freed Africans had their own ideas as to how they would live work and worship They were in a struggle for freedom self affirmation self expression and personal

development But the Moravians and Methodists had independently framed their thoughts on what the formerly enslaved Africans needed to survive and succeed What the evangelical Protestants created for themselves was an image of the formerly enslaved African They had drawn a mental picture of a European Christian of African descent who was residing in the Caribbean and practicing the Christianity of the West The Caribbean evangelical black was a reflection of the Europeans but never managed to fit into the submissive Christian image This book traces the eighty years during which formerly enslaved Africans adapted to their state of freedom in Antigua and Barbados and how the Moravians and Methodists sought to shape their way of life The book examines the theological dispositions on slavery gender education religion sexuality and race

Women and Slavery in Nineteenth-century Colonial Cuba Sarah L. Franklin, 2012 Scholars have long recognized the importance of gender and hierarchy in the slave societies of the New World yet gendered analysis of Cuba has lagged behind study of other regions Cuban elites recognized that creating and maintaining the Cuban slave society required a rigid social hierarchy based on race gender and legal status Given the dramatic changes that came to Cuba in the wake of the Haitian Revolution and the growth of the enslaved population the maintenance of order required a patriarchy that placed both women and slaves among the lower ranks Based on a variety of archival and printed primary sources this book examines how patriarchy functioned outside the confines of the family unit by scrutinizing the foundation on which nineteenth century Cuban patriarchy rested This book investigates how patriarchy operated in the lives of the women of Cuba from elite women to slaves Through chapters on motherhood marriage education public charity and the sale of slaves insight is gained into the role of patriarchy both as a guiding ideology and lived history in the Caribbean's longest lasting slave society Publisher's description

On Human Bondage John Bodel, Walter Scheidel, 2016-12-22 On Human Bondage a critical reexamination of Orlando Patterson's groundbreaking Slavery and Social Death assesses how his theories have stood the test of time and applies them to new case studies Discusses the novel ideas of social death and natal alienation as Patterson first presented them 35 years ago and as they are understood today Brings together exciting new work by a group of esteemed historians of slavery as well as a final chapter by Patterson himself that responds to and expands upon the other contributions Provides insights into slave societies around the world and across time from classical Greece and Rome to modern Brazil and the Caribbean and from Han China and pre colonial South Asia to early modern Europe and the New World Delves into a wide range of topics including the reformation of social identity after slavery the new historicist approach to slavery rituals of enslavement and servitude questions of honor and dishonor and symbolic imagery of slavery

Defining the Caymanian Identity Christopher A. Williams, 2015-12-16 Defining the Caymanian Identity analyzes the factions and schisms surging throughout the multicultural multi ethnic and polarized Cayman Islands to identify who or what is considered a Caymanian In the modern world where Caymanian traditions have all but been eclipsed or forgotten often due to incoming overpowering cultural sensibilities it is a challenge to know where traditional Caymanian culture begins and modern Caymanian culture

ends With this idea in mind Christopher A Williams investigates the pervasive effects of globalization multiculturalism economics and xenophobia on an authentic if dying indigenous Caymanian culture This book introduces and expounds the provocative solution that the continued prosperity of the Cayman Islands and their so called indigenous people may well depend on a synergistic moral link between Caymanianness and foreignness between Caymanianness and modernity
