Bardson Wolfe James Blackthorne, 2014-07-28 The author James Blackthorne portrays his characters as having a strong fighting spirit The main emphasis is on a character referred to as Bardson Wolfe He is the son of the grand wizard Leon Davith Bard is a Glorious Golum that faces overwhelming odds in this well placed adventure The bronze Golum remains true to his ideals and takes a firm commitment to his father despite every setback Leon returned to the room with the large mirror The pen was still lying on the desk He sat down with his son Bard and explained how generations upon generations born into the Black Army culture rose to die None questioned it none cared and their culture was founded around the ideal of slaughter of merciless battle They knew nothing of cities save for the ones they razed and when none would challenge or oppose them in their great power they would challenge themselves battling their own ranks for the sake of maintaining the slaughter Eventually this self sustaining death machine this device of war mutated into the ones that were known today as the Black Army The Army was the result of the chaotic masses suddenly coming Some called them the black ones others Shadow lords None dared to call them a friend It was here that battle was fought daily not for the sake of any ideal or concept but due to the sheer boredom the armies had amassed for many ages long since born into the culture of war a civilization forged from death new lord was proclaimed A far more savage brutal and intelligent lord than the Black Army could have ever hoped for And this new high general began creating a bastion for the otherwise vagrant army of darkness and once it had been devised he took a name fitting his status and power Malakaezar the Black Dragon head of the army of darkness But he wasn t content to merely let his army settle into the Dark Continent as his predecessor had and hungrily this rogue turned his gaze to the lands beyond licking his lips at the unfazed lands just Bardson Wolfe the high golem was up to Screaming as those heads fell over them the

Realm of the Black Mountain Elizabeth Roberts, 2007 Comparatively little is well known about Europe's newest and one of its smallest independent states the small mountain fastness Montenegro In a book written for specialists and general readers alike Elizabeth Roberts traces its history from pre Slavic times including its part in the 1389 battle of Kosovo and its prominent role in resisting the Ottomans She recounts Montenegro's development under its Prince Bishops toward the independence achieved at the Congress of Berlin and lost after the Versailles Conference when the Podgorica Assembly voted to join the new Kingdom of Yugoslavia When Slobodan Milosevic spoke of Montenegro and Serbia as two eyes in the same head he encapsulated a view that has deep roots in both nations But not all Montenegrins agreed and many chafed at being forced to play the role of Serbia's junior partner Indeed Montenegro's complex and shifting cultural and political identity is the main theme of Roberts's witty and dispassionate book which culminates in Montenegro's defining referendum and subsequent international recognition in the summer of 2006 The history of Montenegro is at once a colorful often bloodily violent story and instructive about how land religion and politics both domestic and international have
