lore captured the heart and mind of Joseph Taylor Falco at a very early age One could always find him in the forest looking for Native American relics or the edge of a lake or stream looking for trout He also has a close connection to the ocean where he spent many hours with his father on the fifty foot Hatteras fishing boat The Beagle searching for the big one fishing for tuna and marlin Having majored in history at Holy Cross University he developed an uncanny ability to sort through some of the mysteries that swirl around the famous shaman of North America and their way of life Through his writings the reader is able to more fully understand the process that made this book possible His love of the natural world and his unique spiritual connection to it is revealed throughout Afterwards readers will leave with a feeling that they have stepped back in time and glimpsed the true Native American way of life A genius by modern day standards Falco s mind goes beyond the realm of present reality and into a dimension that only he can see and feel That dramatic backstory combined with the inspirational aspect of his writing will provide hours of reading pleasure that goes well beyond the literary realm It is his hope that the stories poems and pictures in this book will in some small way help those of us who cannot see into this dimension better understand the Native People of this great country

**The Most Expensive Game in Town** Mark Hyman,2012-03-20 Building on the eye opening investigation into the damaging effects of the ultra competitive culture of youth sports in his previous book *Until It Hurts* Mark Hyman s new book looks at the business of youth sports how it has changed and how it is affecting young Americans Examining the youth sports economy from many sides the major corporations small entrepreneurs coaches parents and of course kids Hyman probes the reasons for rapid changes in what gets bought and sold in this lucrative marketplace Just participating in youth sports can be expensive Among the costs are league fees equipment and perhaps private lessons with a professional coach With nearly 50 million kids playing organized sports each year it is easy to see how profitable this market can be Hyman takes us to tournaments sponsored by Nike Gatorade and other big businesses and he talks to parents who sacrifice their vacations and savings to get their sometimes reluctant junior stars to these far off expensive venues for a chance to shine He introduces us to videos purporting to teach six month old babies to kick a ball to professional athletes who will coach an eight year old for a hefty fee to a town that has literally staked its future on preteen sports With its extensive interviews and original reporting *The Most Expensive Game in Town* explains the causes and effects of the commercialization of youth sports changes that the author argues are distorting and diminishing family life He closes with strong examples of individuals and communities bucking this destructive trend
