Walsingham in Literature and Culture from the Middle Ages to Modernity Dominic Janes, Gary Waller, 2016-12-05 Walsingham was medieval England's most important shrine to the Virgin Mary and a popular pilgrimage site Following its modern revival it is also well known today For nearly a thousand years it has been the subject of or referred to in music poetry and novels by for instance Langland Erasmus Sidney Shakespeare Hopkins Eliot and Lowell But only in the last twenty years or so has it received serious scholarly attention This volume represents the first collection of multi disciplinary essays on Walsingham's broader cultural significance Contributors to this book focus on the hitherto neglected issue of Walsingham's cultural impact the literary historical art historical and sociological significance that Walsingham has had for over six hundred years The collection's essays consider connections between landscape and the sacred the body and sexuality and Walsingham's place in literature music and more broadly especially since the Reformation in the construction of cultural memory The historical range of the essays includes Walsingham's rise to prominence in the later Middle Ages its destruction during the English Reformation and the presence of uncanny echoes and traces in early modern English culture including poems ballads music and some of the plays of Shakespeare Contributions also examine the cultural dynamics of the remarkable revival of Walsingham as a place of pilgrimage and as a cultural icon in the Victorian and modern periods Hitherto scholarship on Walsingham has been almost entirely confined to the history of religion In contrast contributors to this volume include internationally known scholars from literature cultural studies history sociology anthropology and

musicology as well as theology *Labyrinth of Desire* William Craft, 1994 Modern readings of Sidney generally either endorse Greville's judgment defining a poet who transcends through art the conflicts of public virtue and private desire or they reverse it presenting a Sidney trapped by cultural demands and expectations he could neither abandon nor reform
