Sixties Design Postcard:

Space Sirens, Scientists and Princesses Dean Conrad, 2018-06-21 Women are now central to many science fiction films but that has not always been the case Female characters from their token presence or absence in the silent pictures of the early 20th century to their roles as assistants pulp princesses and sexy robots and eventually as scientists soldiers and academics have often struggled to be seen and heard in a genre traditionally regarded as of men by men and for men Surveying more than 650 films across 120 years the author charts the highs and lows of women's visibility in science fiction's cinematic history through the effects of two world wars social and cultural upheavals and advances in film technology *60 Postcards* Rachael Chadwick, 2015-02-26 The heartfelt and uplifting story of how a project to scatter 60 Postcards in memory of her mother helped a young girl come to terms with her loss On 11 February 2012 Rachael Chadwick lost her Mother to cancer just sixteen days after first being diagnosed and her world shattered right in front of her Utterly fed up of the milestones and reminders in December of that year she decided she would do something different and created a project based around her Mum's approaching 60th Birthday Desperate to spread the word about the wonderful person she had lost Rachael had the brainwave of leaving notes around a city in her memory Deciding she would take it a step further she wondered what would happen if she could ask people to respond to her Full of hope and energy she hand wrote sixty postcards each with her email address at the bottom asking the finder to get in touch But one question remained where should she go Knowing how much she longed to visit Paris the last gift that Rachael's mum had given her was Eurostar vouchers and so it seemed fitting that this would be her chosen city So off she went with a group of friends to celebrate discover and to scatter her memories Filling their time in Paris with sight seeing food and drink laughter and of course postcards **Film, Fashion, and the 1960s** Eugenia Paulicelli, Drake Stutesman, Louise Wallenberg, 2017-09-11 A fascinating look at one of the most experimental volatile and influential decades Film Fashion and the 1960s examines the numerous ways in which film and fashion intersected and affected identity expression during the era From *A Hard Day's Night* to *Breakfast at Tiffany's* from the works of Ingmar Bergman to Blake Edwards the groundbreaking cinema of the 1960s often used fashion as the ultimate expression for urbanity youth and political un awareness Crumbling hierarchies brought together previously separate cultural domains and these blurred boundaries could be seen in unisex fashions and roles played out on the silver screen As this volume amply demonstrates fashion in films from Italy France England Sweden India and the United States helped portray the rapidly changing faces of this cultural avant gardism This blending of fashion and film ultimately created a new aesthetic that continues to influence the fashion and media of today **Expo Sixty Seven** Rhona Richman Kenneally, Johanne Sloan, 2010-01-01 Expo 67 the world's fair held in Montreal during the summer of 1967 brought architecture art design and technology together into a glittering modern package Heralding the ideal city of the future to its visitors the Expo site was perceived by critics as a laboratory for urban and architectural design as well as for

cultural exchange intended to enhance global understanding and international cooperation This collection of essays brings new critical perspectives to Expo 67 an event that left behind a significant material and imaginative legacy The contributors to this volume reflect a variety of interdisciplinary approaches and address Expo 67 across a broad spectrum ranging from architecture and film to more ephemeral markers such as postcards menus pavilion displays or the uniforms of the hostesses employed on the site Collectively the essays explore issues of nationalism the interplay of tradition and modernity twentieth century discourse about urban experience and the enduring impact of Expo 67 s technological experimentation Expo 67 Not Just a Souvenir is a compelling examination of a world s fair that had a profound impact locally nationally and internationally

Art and Nationalism in Colonial India, 1850-1922 Partha Mitter,1994 Partha Mitter s book is a pioneering study of the history of modern art on the Indian subcontinent from 1850 to 1922 The author tells the story of Indian art during the Raj set against the interplay of colonialism and nationalism The work addresses the tensions and contradictions that attended the advent of European naturalism in India as part of the imperial design for the westernisation of the elite and traces the artistic evolution from unquestioning westernisation to the construction of Hindu national identity Through a wide range of literary and pictorial sources Art and Nationalism in Colonial India balances the study of colonial cultural institutions and networks with the ideologies of the nationalist and intellectual movements which followed The result is a book of immense significance both in the context of South Asian history and in the wider context of art history **VIVA M A C** Andrea Benoit,2019-04-18

The first cultural history of the iconic brand M A C Cosmetics VIVA M A C charts the evolution of M A C s revolutionary corporate philanthropy around HIV AIDS awareness Drawing upon exclusive interviews with M A C co founder Frank Toskan key journalists and fashion insiders Andrea Benoit tells the fascinating story of how M A C s unique style of corporate social responsibility emerged from specific cultural practices rather than being part of a strategic marketing plan Benoit delves into the history of the M A C AIDS Fund and its signature VIVA GLAM fundraising lipstick which featured drag performer RuPaul and singer k d lang in its first advertising campaigns This lively chronicle reveals how M A C managed to not only defy the stigma associated with AIDS that alarmed many other corporations but to engage in highly successful AIDS advocacy while maintaining its creative and fashionable authority Picture Postcards in the United States, 1893-1918 George

Miller,Dorothy Miller,1976 **The Bookseller, Newsdealer and Stationer**,1907 *Sixties Design* Collectif,1996-08

Chichester in the 1960s Alan H.J. Green,2015-02-02 Chichester is the archetypal Georgian town with streets of elegant buildings gathered closely around the ancient cathedral It usually appears to today s first time visitor that the city has been largely untouched by the hand of time particularly the destructive hand that guided the 1960s However this is not the case in the 1960s Chichester faced the same challenges as all historic towns and much was lost but the brakes were applied in good time and it became one of the first conservation areas in the country This book the first of its kind looks at how Chichester fared in that turbulent decade how it gained its status as a city of culture with a new theatre and museum and how it

expanded to meet the demands of its growing populace Historical research blends with personal anecdote to produce a heartfelt portrait of the decade
