Professional Issues for Primary Teachers Ann Browne, Derek

Haylock, 2004-04-29 This book deals with the key professional issues faced by students on teacher training courses and practising primary teachers. The authors set out the nature of primary education in England and the professional demands made on primary school teachers by parents, the children themselves, government agencies, society and the profession. Written by Primary PGCE tutors, practising primary teachers, headteachers and practitioners doing educational research, each chapter offers practical suggestions and in-depth discussion of essential topics including the school environment, teachers' values and professional practice in primary schools, primary School Teachers and the Law, parents' rights and roles in primary education, special educational needs in mainstream schools, provision in primary schools for gifted and talented pupils, education for a multi-cultural society, spiritual and moral development and Citizenship Education. This book is important reading for trainee primary teachers following any initial training route for NQTs and for practising teachers.

Play-based Learning in the Primary School Mary Briggs, Alice Hansen, 2012-03-19 Play is an essential part of learning and development for children and is an increasingly important aspect of creative approaches to teaching and learning in primary education. This book demonstrates the value of play in all its different forms as a highly effective medium for teaching and learning across the curriculum. The authors explore how play can be used to increase engagement, motivation and fun in learning situations, examining the theoretical principles of play for learning, types of play for older children, planned and facilitating play-based learning using thematic approaches when working with individuals, groups and whole classes, in addition to covering important teaching issues such as assessment, inclusion and transition out of primary education. This is recommended reading for students on primary initial teacher education courses including undergraduate BEd, BA with QTS, postgraduate PGCE, SCITT and employment-based routes into teaching, and also for practicing teachers wishing to enhance their own teaching. Mary Briggs is Mathematics and Education tutor at the University of Warwick. Alice Hansen is an educational consultant who works within a number of educational settings and national bodies developing continuing professional development for teachers.

Planning and Using Time in the Foundation Stage Jill Williams, Karen McInnes, 2014-04-04 Operating on two levels, this book aims to help students and practitioners understand how to plan and use time effectively within the foundation stage setting. The book examines how children learn and play at different times of day, how they function when they might be tired or hungry, and how best to organize the learning day with this in mind. The authors discuss the issue of environment, how children relate to different areas within their own room, and what happens when routines of time and place are altered. The book also discusses how to develop children's understanding of time and how to incorporate the theme of time into children's play. The book includes practical activities and examples that will allow children to fully comprehend the concept of time, advice on how to create time for children to learn through play, inquiry and investigation, sections on how time can be used to include parents, colleagues and the local community. This book provides in-depth analysis of how effective
