Teaching Low Achieving And Disadvantaged Students:

Teaching Low Achieving and Disadvantaged Students Charles H. Hargis, 2006 This new edition updates and expands the previous volume and continues to reflect the concepts and the reasons behind learning and behavior problems of low achieving and disadvantaged students Through the chapters the author describes instructional levels and independent levels emphasizing that success is produced by finding the place on the curriculum for each student at these levels Details and reactions in light of events and experiences of the intervening years is examined outlining assessment procedures to separate real disabilities from school created ones and then describing the educational treatment of each Other topics include the grading system student centered curriculum an alternate perspective on testing and a changed role for the teacher Instructional delivery systems centered on curriculum based assessment and cooperative noncompetitive learning methods are also proposed Designed for classroom teachers as well as administrators the text is the result from the author's role in working with children who are casualties of the educational system as well as his progress in helping to develop a successful alternative public high school

The SAGE Handbook for Research in Education Clifton F. Conrad, Ronald C. Serlin, 2006 Research is increasingly becoming more influential in the field of education and this Handbook brings together a range of top academic experts who represent diverse fields within and outside of education as well as quantitative qualitative and mixed method approaches to provide an up to date advanced analysis of all relevant issues involved in educational research The Handbook is written in lively welcoming prose and central to the handbook is an intention to encourage and help researchers place ideas at the epicenter of inquiry In addition explicit discussion of the fundamental challenges that researchers must consciously address throughout their inquiry are identified and solutions provided to help future researchers overcome similar obstacles

Equity and Quality in Education Supporting Disadvantaged Students and Schools

OECD, 2012-02-09 Across OECD countries almost one in every five students does not reach a basic minimum level of skills This book presents a series of policy recommendations for education systems to help all children succeed Hearing on Innovative Approaches for Teaching Disadvantaged Students United States. Congress. House. Committee on Education and Labor. Subcommittee on Elementary, Secondary, and Vocational Education, 1992 Testimony on strategies designed to enhance educational opportunities for disadvantaged students is recorded in this report of a congressional hearing Robert Slavin of the Early and Elementary School Program Center for Research on Effective Schooling for Disadvantaged Students at Johns Hopkins University in Baltimore Maryland testified about the development and achievements of the Success for All Program Leetta Allen Haynes of the College of Education at the University of New Orleans Louisiana testified about the Louisiana Accelerated Schools a program that works for disadvantaged students by in part trying to change the culture of schools themselves The final witness was Sidney Smith Headmaster of the Boston Massachusetts English High School who testified about the program at his school and in particular the key role of rigorous student assessments for increasing

academic achievement among disadvantaged students Discussion followed the formal testimony and touched on the following issues fostering family involvement in education comprehensive social service delivery at school sites staff development and teacher education financial resources assessment driven practices perceptions of urban students educational technology and school desegregation The witnesses prepared statements are included JB Learning, Marginalization, and Improving the Quality of Education in Low-income Countries Daniel A.
