## **Teaching Television How To Use Tv To Your Child's Advantage:**

**Teaching Television** Singer, Jerome L. Singer, Diana M. Zuckerman, 1981-01-01 An illustrated teaching guide to television shows parents how to use TV to their children's advantage by including exercises that help children think as they watch

**Television 'Critical Viewing Skills', Education** James A. Brown, 2013-01-11 Representing a significant survey and evaluation of major media literacy projects in the U.S. and selected countries throughout the world, this book covers all aspects of critical viewing skills. It provides comprehensive theoretical and historical background about the field, the criteria for its evaluation, and various structured programs including the CVS projects and programs sponsored by school districts, individuals, non-governmental national organizations, and private companies. The book can serve as a guide for curriculum planners as well as teachers in the classroom and adult workshops, and also parents and individual adult viewers in applying the best match of theories, practices, readings, and specific exercises to monitor and enhance television's role.

*A Blueprint for the Promotion of Pro-Social Behavior in Early Childhood* Elda Chesebrough, Patricia King, Martin Bloom, Thomas P. Gullotta, 2004-06-24 It is clear that violence by youth is not to be found only on city streets, in city schools, and among city youth, but anywhere and everywhere. Wrathful, disenfranchised young people reside in this volume. The editors share their insights on the latest research for how families can promote optimal development in children from birth to age six so they can grow into healthy, happy, and competent young adults. Topics include social, emotional, learning, neighborhood, and community influences, the role of teachers, and other caregivers, and more. The volume includes the actual Bingham Childhood Prosocial Curriculum so that it can be implemented at any center. *A Blueprint for the Promotion of Pro-Social Behavior in Early Childhood* will be a helpful resource for clinical child psychologists, school psychologists, early childhood educators, as well as for upper-level students of these areas.

**Handbook of Children and the Media** Dorothy G. Singer, Jerome L. Singer, 2012 *Handbook of Children and the Media* brings together the best known scholars from around the world to summarize the current scope of the research in this field.

*Tuning In to Young Viewers* Tannis M. MacBeth, 1996-05-07 Both provocative and controversial, *Tuning In to Young Viewers* focuses on a key area of media studies. Today's issues such as violence on television and children's dependence on television are continually debated. This volume provides a much-needed overview of the crucial topics concerning the uses and effects of television. Designed both in style and organization as an upper-level text for courses in communication and psychology, it is written by scholars well known to both fields and particularly recognized for their work related to media influences. Topics include diversity on television, television dependence, and its diagnosis and prevention; television and the socialization of young children; children's fear and other indirect effects of television. For researchers and professionals interested in the effects of television, this book delves into the important topics related to television viewing. The extensive analysis provided makes this text a necessity for courses in media, communication, developmental psychology, sociology, and popular culture.
