Teaching School Subjects

Ivor F. Goodson, Colin J. Marsh

Teaching School Subjects:

Teaching the Elementary School Subjects: Content and Strategies in Teaching the Basic Elementary School Subjects, 1995 **Studying School Subjects** Ivor F. Goodson, Colin J. Marsh, 2005-08-04 School subjects and how they are viewed and positioned within education is the focus of this text It argues that as part of rethinking the whole school curriculum there has been a failure to look at the historical and social background of school subjects **Teaching Elementary School Subjects** Kenneth Lawrence Husbands, 1961 **Subject Knowledge** Christopher J. Anstead, Ivor F Goodson, J. Marshall Mangan, 2002-11-01 School knowledge has been a subject for historians notably in the field of history of education concentrating on the educational aspects of particular historical periods however links with contemporary education have often remained undeveloped This text attempts to account for the growth of increased interest by sociologists and others in school subjects since the 1960s Goodson s analysis of his own work in the UK and North America examines the range of insights afforded of the nature of schooling and teaching through the study of school subjects **Teaching Elementary School Subjects** Louis Win Rapeer, 1917 **School Subjects and Curriculum Change** Ivor F. Goodson, 2013-04-03 The process of curriculum development is highly practical as Goodson shows in this enlarged anniversary third edition of his seminal work The position of subjects and their development within the curriculum is illustrated by looking at how school subjects in particular geography and biology gained academic and intellectual respectability within the whole curriculum during the late 1960s and early 1970s He highlights how subjects owe their formation and accreditation to competing status and their power to compete in the provision of worthwhile knowledge and considers subjects as continually changing sub groups of information Such subjects from the framework of the society in which individuals live and over which they have influence This volume questions the basis on which subject disciplines are developed and formulates new possibilities for curriculum development and reform in a post modernist age School Subject Teaching Ashley Kent, 2013-12-19 Covering each of the core curriculum areas in turn this is a reference on school subject teaching The authors assess the development of teaching within each subject area since the 1944 Education Act up to the year 2000 Future challenges are also explored

The Teaching of High School Subjects William Alfred Millis, Mrs. Harriet Harding Millis, Mrs Harriet Harding Millis, 1925 **Teaching Methods in Science Subjects Promoting Sustainability** Eila Jeronen, 2018-04-03 This book is a printed edition of the Special Issue Teaching Methods in Science Subjects Promoting Sustainability that was published in Education Sciences *The Formation of School Subjects* Thomas S. Popkewitz, 2018-10-03 Originally published in 1987 This volume focuses upon the emergence of the subject matter of the American school This provides entrance to looking at the interplay between social cultural economic and professional interests that give form to contemporary school practices The historical detail enables understanding of how school knowledge is shaped and fashioned by issues of structural continuity and social transformation This selection of chapters looks at how practices have been shaped by the struggles to define the

American school curriculum in different subjects The authors bring out how particular social values are made into ideologies and examine the past to enable consideration of the possibilities for further development
