Description :

Thirty years ago the University of California Press published an unusual manuscript by an anthropology student named Carlos Castaneda. The Teachings of Don Juan initiated a generation of seekers dissatisfied with the limitations of the Western worldview. Castaneda's now classic book remains controversial for the alternative way of seeing that it presents and the revolution in cognition it demands. In a series of fascinating dialogues, Castaneda sets forth his partial initiation with don Juan Matus, a Yaqui Indian shaman from the state of Sonora, Mexico. He describes don Juan's perception and mastery of the nonordinary reality and how peyote, along with other plants sacred to the Mexican Indians, were used as gateways to the mysteries of dread, clarity, and power. The Teachings of Don Juan is the story of a remarkable journey that has left an indelible impression on the life of more than a million readers around the world. For me, there is only the traveling on paths that have heart on any path that may have heart. There I travel and the only worthwhile challenge is to traverse its full length. And there I travel looking, looking breathlessly. Don Juan, Carlos Castaneda, under the tutelage of don Juan, takes us through the moment of twilight.
