Teachings From The Sacred Triangle Volume One:

Teachings from the Sacred Triangle, Volume One David K. Miller, 2002-01-01 Three forces must come together for a planetary healing to occur The concept of the Sacred Triangle was introduced in David Miller s first book Connecting with the Arcturians which explored the fifth dimension and our relationship to higher Extraterrestrial groups This new book explains how the Arcturian energy melds with that of the White Brother Sisterhood and the Ascended Native American Masters to bring about planetary healing David offers the reader an understanding of the soul the nature of soul evolution and how the human species is advancing towards the next evolutionary step There will be many of you in this time who will be able to complete fantastic tasks If I would declare to you what I see you would be astonished that you could possibly carry out such tasks You must think that you have the ability to do this You have the personal power I ask you to look at the Sacred Triangle and see what role you can play in this Others will be very interested when you explain this mission I guarantee you there will be a very strong contingent that will ascend together as we are invited to join you in the Crystal Temple We are very eager to meet you there as well This is Chief White Eagle

Teachings from the Sacred Triangle, Volume 2 David K. Miller, 2012-05-21 Good questions Intriguing answers The teachings continue Your planet is at a dire crossroads from a physical standpoint but from a spiritual standpoint it is experiencing a great awakening Never before have there been so many conscious lightworkers awakened spiritual beings and masters as there are on this planet now A great sense of a spiritual harmony emanates from the many starseed groups and there is also a new spiritual energy and force that is spreading throughout the planet We want to send this special Arcturian frequency to Earth because it will suddenly release energy toward higher light It is a throbbing pulsing frequency that will bring you into alignment with the Galactic Council Andromedans Pleiadians and many higher levels of etheric energy Together we will help you to remove a very powerful block from within your mind opening you very quickly and

directly to receiving the light and consciousness from these other beings You will then receive ideas and images about how to do certain things and how to heal certain things in the physical Material problems business problems medical problems and political problems all aspects are now going to be open to the fifth dimensional energy and the fifth dimensional realm Be prepared for the possibilities of disruptions in your life from various sources such as political upheavals and storms As you prepare know that you are going to be sheltered and protected You will find that maintaining the energy contacts with Arcturian starseeds will create energy bridges of support that will sustain you through anything that will happen on this planet The more bridges you create the stronger your Group of Forty is going to be It is important for all of you to focus on the bridges the energy bridges that you have made in the group and the energy bridges that you make with us as a group

Teachings from the Sacred Triangle, Volume 3 David K. Miller, 2012-05-21 The knowledge and technology to proceed with holographic healing is hereby granted to each of you who reads these words It is not necessary to travel to distant places With the holographic technology and skills you have been taught you will be able to project your energies in the most direct and transformative way throughout the Earth I ask each of you to take that part of the Earth you are familiar with and know When you interact with that part you can affect the whole Earth Whatever part of that whole that is distorted can be transformed into a fifth dimensional holographic energy The Arcturians Connecting with the Arcturians 4 David K. Miller, During this time of planetary crisis the Arcturians explore how we starseeds can cope with these dramatic changes such as updating our immune systems and dealing with electromagnetic energies and energy fields They offer recommendations and ideas for helping us cope with these overwhelming planetary changes This book explores the important subject of ascension and the work leading to ascension The Arcturians present a model based on their observations that precipitating events of ascension occur when the third dimension and fifth dimension intersect At the time of that intersection a powerful spiritual energy will download into Earth's energy field that can uplift those who are at the highest vibrations and prepared for ascension Another concept introduced in this volume is the idea of holographic healing In holography a piece of an object can represent the whole In this Arcturian theory a person on Earth is only a part of their whole self Other parts can include the past self which is the self in other lifetimes and the future self which is the self that will live and evolve in future times There is also a multidimensional self that exists on this and other dimensions **Biorelativity** David K. Miller, 2012-05-29 A shift in consciousness has occurred on the planet during the past twenty five years marking a new moment in the evolution of humanity's consciousness concerning our relationship to Earth and to the cosmos We now accept that human beings are interacting with a living planet and we understand that this living planet has an energetic relationship to the galaxy We have also come to understand that the entire biological and energy system of this beautiful planet we live on is totally dependent on how humans treat the planet the environment and other life forms on Earth Biorelativity describes the ability of human beings to telepathically communicate with the spirit of the Earth The goal of such communication is to influence the outcome

of natural Earth events such as storms volcanoes and earthquakes This book is a collection of channeled lectures through Arcturian Native American and other mystical guides transmitted in sessions from 2009 through early 2011 that describe the exercises and thought developments related to biorelativity the planetary cities of light and the Arcturian Tree of Life that together form new technology for Earth healing Through these lessons you can implement new planetary healing techniques right now actively participating in exciting changes as Earth and humanity come together in unity and healing *New Spiritual Technology for the Fifth-Dimensional Earth* David K. Miller, 2012-05-21 Earth is moving closer to the fifth dimension and new spiritual ideas and technologies are becoming available for rebalancing our world Native ceremonies to connect to Earth healing energies Thought projections and thought communication to communicate with Earth Connections with our galactic starseed heritage so that we can relate to our role in the galaxy A new spiritual paradigm to help humankind transition into the next evolutionary stage THE SACRED TRIANGLE REPRESENTS THE INTEGRATION OF THREE SPIRITUAL SOURCES FOR HEALING THE EARTH The Native American spirituality and the spiritual work of the indigenous peoples of the world The mystical energy found in all the major religions in the world including Christianity the Kabbalah Hinduism Sufism and the ascended masters Fifth dimensional galactic spirituality which includes energy from extradimensional masters such as the Arcturians and the Pleiadians **Raising the Spiritual Light Quotient** David K. Miller, 2011-04-25 The concept of raising the spiritual light quotient is similar to the intelligence quotient used in modern psychology the IQ test However the spiritual light quotient is not the same as intelligence Rather the SLQ reflects one s ability to understand spiritual concepts to meditate and to connect with other dimensions It also is a measurement of one s ability to understand the relationship between Earth and the environment of the Earth and Earth s relationship to the galaxy Finally it is a measurement of one s ability to understand the existence of other dimensions as well as the relationship between the ascended masters and guides and our journey to higher realms for soul evolution Thus it appears necessary to look at the SLQ of a person the SLQ of an area and the SLQ of a planet All of the channeling I bring forth is based on the concept of the Sacred Triangle which is a new paradigm for spirituality This paradigm states that in order to heal Earth and bring everything into balance one must unite the concepts of galactic spirituality with ancient mystical thought and with the energies of native peoples including Native Americans Familial Integrity Beverly Brightstar, 2013-04-01 It is our sincere hope that this book will mark a turning point in the spiritual evolution of this planet and its restoration to the galactic lineage of nations to which you belong Make no mistake this book has the power to change lives and Earth history if you will let it The Sirian Council of 12 through Beverly Bright Star Familial Integrity is a series of diverse exciting stories designed to unlock hidden pathways within the reader to reawaken ancient knowledge buried deep within the group consciousness of humanity These stories explore in depth the concept of familial integrity the moral foundation for the inhabitants of many other advanced planets and higher dimensions This idea does not limit itself to the conventionally conceived family unit but

instead promotes harmony within the entire Earth family When you learn to see all of humanity as your brothers and sisters you can no longer let anyone starve or deny them adequate food or housing You cannot cheat lie and steal from anyone let alone kill them when you fully acknowledge them as your own flesh and blood the family members they truly are This book outlines the necessary changes that humankind must make for the coming new age in practical ways that can be applied in our daily lives When the principles of familial integrity are widely accepted they will serve as a catalyst for global change among individuals and nations bringing stability peace and love to the entire planet Kaballah and the Ascension David K. Miller, 2012-05-21 Throughout Western history channeling has come to us in various forms including mediumship shamanism fortunetelling visionaries and oracles There is also a long history of channeling in Kaballah the major branch of Jewish mysticism I am intrigued by this especially because I believe that there is now an urgent necessity for entering higher realms with our consciousness because of the impending changes on the planet through these higher realms new healing energies and insights can be brought down to assist us in these coming Earth changes I consider myself a student of spiritual and mystical consciousness interested in obtaining and maintaining higher levels of being and although I myself do not represent any particular school of mysticism I have found through more than twenty five years of studying the Kaballah that it allows for a unique understanding of the concept of higher consciousness or higher self as a conduit to accessing these higher realms David K Miller
