Films, Graphic Novels & Visuals Daniela Elsner, Sissy Helff, Britta Viebrock, 2013. This book brings together two main disciplines, namely cultural studies and language education, both of which share a long-standing interest in films, multimodal text forms, and visuals. It highlights the increasing impact of visuals and multimodal texts on our perception of the world, our discourse, behavior, and how this calls for a change in methodologies and media to be used in foreign language classrooms. The book helps to orientate educators in schools and teachers at universities within the broad concept of a multiliteracies approach and to contextualize it with regard to teaching and learning English as a foreign language.
