Tears Of The Sweet Peninsula May 25 1997 Coup And The Sierra Leone Civil Conflict:

Tears of the Sweet Peninsula Gbanabom Hallowell, 2005 In May 25 1997 Sierra Leone experienced one of the most devastating coups in history In the months that followed in a series of articles writer and journalist Gbanabom Hallowell did not just describe the coup and its aftermath he mapped out the intersections of complex forces pushing and pulling at his tiny nation tribalism colonialism capitalism generational disconnect democracy a badly managed military and personal ambition These insightful and eminently hopeful articles are collected in *Tears of the Sweet Peninsula* In this book what had been newspaper pieces read by a small country have become one man's message to the world a call to all mankind to make peace with its past and with itself Tom Wallace

Sierra Leone John L. Hirsch, 2022 Sierra Leone's bitter experience with civil war garnered international attention only after the May 1997 coup though the conflict between the Revolutionary United Front RUF and successive governments had raged for at least a decade against the backdrop of more than three decades of progressive state collapse John Hirsch traces Sierra Leone's downward spiral drawing on his first hand experience as US ambassador in Freetown in 1995 1998 Hirsch analyzes the historical social and economic contexts of the struggle as well as the impacts of regional and international powers Topics covered include the exploitation of mineral resources in the country the involvement of private security forces and the flawed efforts at peace negotiations

When the State Fails Tunde Zack-Williams, 2011-12-05 Compared with Iraq Afghanistan and Kosovo the recent western intervention in Sierra Leone has been largely forgotten *When the State Fails* rectifies this providing a comprehensive and critical analysis of the intervention The civil war in Sierra Leone began in 1991 and was declared officially over in 2002 after UK UN and regional African military intervention Some claimed it as a case of successful humanitarian intervention The authors in this collection provide an informed analysis of the impact of the intervention on democracy development and society in Sierra Leone The authors take a particularly critical view of the imposition of neoliberalism after the conflict As NATO intervention in Libya shows the continued use of external force in internal conflicts *When the State Fails* is a timely book for all students and scholars interested in Africa and the question of humanitarian intervention

Special Issue Lumpen Culture and Political Violence Tade Akin Aina (ed.), I. (ed.) Abdullah, Y. (ed.) Bangura, 1997 This issue focuses on the specificities of the civil war in Sierra Leone and explains the social origins and the dynamics of the crisis Central to the ongoing war and violence is its youth culture An educated urban youth found themselves unemployable in the post colonial Sierra Leone economy and student dissent against the state and its ruling elite took the form of direct protest All the papers in this issue direct attention to growing militancy amongst the youth The intellectual foundations of the Revolutionary United Front and the role of student radicals in the development of a rebellious youth culture are discussed The factors that led to a collaboration between the National Provisional Ruling Council and the RUF and finally to the May 1997 coup by the Republic of Sierra Leone Armed Forces and the RUF are critically analysed Though these contributions are specific to the problems in Sierra Leone they

underscore the problem of youth alienation in Africa generally and may help to initiate further discussions on the subject of youth alienation and violence
