Orchard, 2022-02-03 Reprint of the original from 1916 *The Technique of the Porcupine-Quill Decoration Among the North American Indians (Classic Reprint)* William C. Orchard, 2017-09-16 Excerpt from The Technique of the Porcupine Quill Decoration Among the North American Indians The buffalo berry and squaw currant were used for producing a red dye but the former was preferred because it is more succulent than the squaw currant which has a large seed with a thin Skin and consequently required a greater quantity to produce the desired color The operation of dyeing consisted simply of boiling the fruit and porcupine quills together in water until the required color was obtained Sometimes dock root was used in addition to the fruit because it produced a brighter and stronger color Care was exercised in collecting the root as the mother not the father plant must be used the difference between the two plants was recognized by the owners Wild grapes were used for making black dye of superior quality while a good substitute was found in hickory or walnuts when grapes were not obtainable The nuts gathered green that is before the hard shell had formed were laid in the sun and occasionally sprinkled with water until they turned black and then were boiled in water with the quills The resultant color was a brownish black and consequently was not so satisfactory to the discriminating artist as that produced by the grapes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The**
