The Gospel and Islam Don M. McCurry, 1979 *American Christians and Islam* Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America's Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today's evangelicals have deep roots in American history Tracing Islam's role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation's founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world *American Christians and Islam* is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today

The Church Going Global Tormod Engelsen, Erling Lundeb, Dagfinn Solheim, 2011 **Four Careers** Charles H. Kraft, 2019-10-23 While in high school Chuck felt God's call to be a field missionary in Africa expecting to spend his life there But God only allowed him three years in the bush He had other things in mind for him These years working cross culturally laid a solid foundation for his future accomplishments Through a series of unplanned events God made him a teacher of missionaries and a missiologist teaching and writing to improve missionary principles and practices In this book Kraft reflects on how he was shaped as a missiologist and why how he felt the need for writing his many books and articles Culture positive is the term he has coined for his approach It's an approach that honors a people's way of life and helps them to express their faith in Christ within that way of life without converting to another culture He taught that God loves and accepts them as they are plus faith and seeks to work with them to develop their own Christianity based on their own understanding of Scripture Chuck sees a missionary as a coach not as a director This approach has shown its effectiveness both among the people Chuck worked with the Kamwe of northern Nigeria and in the field ministries of his students *Toward a Healthier Contextualization among Muslims* Wonjoo Hwang, 2019-01-23 Various ministry approaches have been utilized in Muslim nations in the past in order to lead lost souls into God's Kingdom One noticeable trend in recent years in the ministry is an increasing emphasis on contextualization While the evangelical missiological community searches for more effective contextualization models some ad hoc proposals

have complicated the issue One representative case is the Insider Movement among Muslims whose advocates contend that Muslim followers of Isa Jesus can remain within their own Islamic socio religious community while continuing in Islamic religious practices What is urgently needed in the contemporary discussion on contextualization is to develop a comprehensive analytical framework based on a sound biblical theological foundation for evaluating any missiological model After reviewing the historical development of Muslim evangelism models this study provides such an analytical framework for developing a healthier contextualization model among Muslims and applies this framework to the Insider Movement by critically evaluating the biblical interpretations and missiological reasonings of the Insider Movement advocates The writer calls for a healthier contextualization model among Muslims that is biblically authentic and culturally relevant

Keener,2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship s 2012 Award of Excellence 2011 Book of the Year Christianbook com s Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume s argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume s argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports **Receptor-Oriented Communication for Hui Muslims in China** Enoch Jinsik Kim,2018-04-18 There are many books that highlight the need and importance of mission toward unreached people Unfortunately few of them deal with the importance of understanding the real life of unreached people and how to analyze them This book identifies conceptual issues for the development of receptor oriented communication

Lutzer, 2013-02-01 Islam is on the rise all over the West including America In this compelling new book bestselling author Erwin Lutzer urges Christians to see this as both an opportunity to share the gospel and a reason for concern We have now reached a tipping point the spread of Islam is rapidly altering the way we live These changes are cause for alarm for they endanger our freedoms of speech and religion At the same time this opens an incredible door of ministry for Christians for Muslims normally do not have access to the gospel in their own lands In The Cross in the Shadow of the Crescent readers will discover helpful answers to these questions and more How does Islam s growing influence affect me personally In what ways are our freedoms of speech and religion in danger How can I extend Christ s love to Muslims around me A sensitive responsible and highly informative must read
